Model No. ELJ9157V

What's in the box

2pcs light fixtures

2pcs hooks

4pcs connection tubes

2pcs ground spikes

1pc instruction manual

Parameter

- 01 Dimension: 7.00 inch W x 8.82 inch D x 33.27 inch H / 17.8 cm W x 22.4 cm D x 84.5 cm H
- 02 Light source: 5pcs LEDs per light
- 03 Brightness: up to 15 lumens
- 04 Steady on and rotating effect

How to operate and install

STEP 1

- Twist the Ground Spike (Part F), two Tubes (Part E) and Hook (Part D) together.
 - Insert the assembled Hook (Part D, E & F) into the ground where it can receive a full 8 hours of sunlight to allow the rechargeable battery to reach maximum capacity.
 - Put the Light Fixture (Part A, B & C) onto the Hook (Part D, E & F)
 - Then the light will light on automatically at the dusk
- Note: Lights with solar panels may have a protective film over the solar panel. This must be removed prior to use.

STEP 2 & 3

- Before putting the Light Fixture (Part A, B & C) onto the Hook (Part D, E & F), twist the Lamp Cage (Part C) counter clockwise and remove it from the Top Cap (Part A), counter clockwise and remove the Lens (Part B), slide the switch under the Top Cap (Part A) to your desired option (Steady on or Rotating), and then replace the Top Cap (Part A)

I: Steady on
II: Rotating

Important safety operating instructions

PLEASE READ CAREFULLY AND SAVE THESE INSTRUCTIONS, AS YOU MAY NEED THEM AT A LATER DATE.

IMPORTANT SAFETY OPERATING INSTRUCTIONS

- 01 Please read all warning and instruction labels which are included in the box and fixture to avoid personal injury, property damage caused by fire, cuts, bruises, death and other dangers.
- 02 Please follow these general precautions before installing, maintaining, or fixing.

Precaution

- 01 It is important to select an outdoor location with full, direct sunlight where the solar panel can receive at least 8 hours of sunlight each day.
- 02 It is important to avoid placing the solar light by light sources, such as street lights or porch lights, which may cause the solar light to turn off automatically.
- 03 To avoid explosion and corrosion, please keep the solar light away from fire and humid environment.
- 04 No striking to avoid any damages to solar cell.

Warning

 **WARNING:** This product can expose you to chemicals including lead and lead compounds, Di (2-ethylhexyl) phthalate (DEHP), which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

- 01 The packing contains small parts that could be swallowed by children
- 02 Keep the packaging material away from children and pets
- 03 The solar light is not a toy
- 04 We do not take responsibility if the instruction manual is not followed correctly or if the product is handled improperly resulting in damage to person or property

Cleaning and maintenance

- 01 Use a damp cloth to clean the solar panel
- 02 To avoid any damage to this light, please do not use any chemical or abrasive cleaner

How it works

Solar panel collects sunlight to charge the battery (included) during the day

Automatically turns on at dusk

Rechargeable battery

This product contains (1) 3.2V 14500 500mAh LiFePO4 rechargeable battery. When the battery expires, it must be recycled or disposed of properly. Please contact your local waste disposal authority for correct procedure. Do not put battery into fire.

- Only rechargeable batteries are to be used.
- Exhausted batteries must be removed from the product.
- Batteries must be placed at the correct polarity.

Battery replacement

- 01 Twist the Lamp Cage (Part C) counter clockwise and remove it from the Top Cap (Part A), and remove the Lens (Part B).
- 02 Remove the battery compartment cover
- 03 Take out the old battery from the battery compartment
- 04 Replace with a new battery (the capacity should be not less than the old battery), making sure the polarity is correct.
- 05 Put the battery cover back and replace the Lens (Part B) and Lamp Cage (Part C).
