

NO.2368 INSTALLATION INSTRUCTIONS

Please Scan the QR code to watch the installation video. If you have any questions, please feel free to contact us through the order page.

Warning:

- 1.Installation should be performed by a professional.
- 2.To prevent electric shock, please turn off the power before installing, repairing, or cleaning the light fixture.
- 3.This light fixture operates within a 110V to 265V range only.
- 4.Do not install the light fixture in damp conditions.
- 5.Keep the light fixture away from acidic and corrosive materials.

Specific Steps:

Step 1: Attach the mounting plate to the ceiling.

Use the expansion bolts and screws provided in the accessories kit.

Step 2: Connect the driver of the light fixture to the wires in the ceiling.

We have enhanced the wiring system so there is no need to distinguish between live and neutral wires; simply connect them separately.

Step 3: Secure the canopy using screws and nuts.

It is recommended that two people work together for the installation to ensure efficiency and safety.
