

Foam Floor Mats Premium 5/8 inch 25 Pack Cleaning Instructions

Our Foam Floor Mats Premium can be cleaned regularly with a vacuum. First, please test your vacuum on the foam mats to make sure your vacuum does not damage the mats.

As necessary, damp mop the mats with basic household soap and hot water. Spot cleaning can be achieved by using a scrubby and a sponge.

Mats can be taken up and cleaned inside or outside and then put back down when dry. The mats will not absorb any water.

For larger commercial areas, we recommend using a walk behind auto cleaning machine for regular maintenance.
