■IMPORTANT INSTRUCTIONS

To reduce the risk of fire, electric shock, exposure to excessive UV, radiation, or injury to a person. When using electrical appliances, basic safety precautions should always be followed.

1. Before installing, cleaning lamps, and replacing light bulbs, please cut off the power supply.
2. Do not look directly at the lighted bulb. Otherwise, it will be a bit dazzling in a short time.
3. Keep the lamp away from material that may burn.
4. Do not touch the bulb while it is lit or immediately after turning off the lamp.
5. Do not use outdoors, suggest indoor use only. It is non-waterproof.
6. Do not plug or unplug the power cord with wet hands.
7. Do not use this product in humid environments or at high temperatures.
8. Do not use it to exceed the voltage, the proper voltage for the US is AC110-120V,60Hz.
9. If you want to replace the light bulb, please note that the maximum accepted wattage is 100W.
10. Please stop using it if there are serious defective issues found in the product.
