Lighted door chime button - 2.75 inches high, white, 20-Pack - use with doorbell chimes, bells and door buzzers. Works great with as a doorbell button replacement. PLEASE NOTE: A diode is needed (not included) if you are using a digital chime (plays a melody; has a speaker for the sound). A diode is not needed if you are using a mechanical doorbell chime. Does not include doorbell wire.

- Lighted surface mounted door bell button makes it easier to locate after dark
- Plastic wired doorbell button with rectangular plastic housing
- Drilling may not be required if you are replacing an existing button
