MLA-SPR1

# 1 Outlet In-Line Adapter

1 Adaptador para salida de aspersor

Use this In-Line Sprinkler Adapter to incorporate Drippers or a Micro Spray Stake Assembly into an existing underground PVC irrigation system.

Convierta fácilmente un aspersor o cabezal con boquilla de PVC de ½" (1.3 cm) en un sistema de riego de bajo volumen colocando goteros o micro aspersores a la salida estriada de ¼" (0.6 cm).

- Attaches to an existing Sprinkler
- Reduce water usage

**234223**  
**MLA-SPR1**

**1**  
After removing the sprinkler, thread this Adapter onto the 1/2in. PVC riser.

**2**  
Next, thread the sprinkler head back onto the Adapter.

**3**  
To finish, attach 1/4in. Vinyl Tubing to the barbed outlet and run a Stake Assembly or multiple Drippers.

With this Adapter you can more efficiently irrigate your landscapes and gardens by using Micro Sprays, Drippers or In-Line Drip Tubing.

Con este convertidor, puede disminuir significativamente el consumo de agua debido a que los microaspersores, los goteros y las tuberías de goteo en línea riegan su jardín más eficazmente.
