

29 cu. ft. OneTouch AutoFill™

French Door
Refrigerator

WOW Feature

OneTouch AutoFill™
Industry First Hands-Free
Ice & Water Dispenser

Our OneTouch AutoFill™ is the industry's first hands-free ice and water dispenser that automatically senses and dispenses. There's no need to hold the cup and wait; simply press the button and the dispenser automatically detects the size of your cup. While it dispenses the perfect amount of ice and water, you're free to keep your routine moving. The practical innovations continue inside the fridge with the OneTouch Infinite Shelf and OneTouch Infinite Door Bin, which allow you to customize your food storage to suit any situation.

Certifications & Warranty

OneTouch AutoFill™

The first hands-free ice and water dispenser that automatically senses and dispenses. No need to hold the cup and wait.

OneTouch Infinite Shelf

Slides backward or forward with just one touch to make room for taller items on the shelf below.

OneTouch Infinite Door Bin

Moves up or down with just one touch, allowing you to easily load new items without having to empty the other bins first.

Jumbo Capacity

Offers 29 cubic feet of storage space, allowing it to hold everything from even the biggest bulk-shopping trip.

Tall Dispenser Design

Our newly designed OneTouch AutoFill™ dispenser is large enough to hold 40 oz. tumblers and water bottles up to 10" tall.

Dual Icemakers

Icemakers in the refrigerator and freezer compartments produce up to 7 lbs. of ice per day, ensuring that you never run out of ice when it counts.
