## POWER STEERING FLUID

Anti-Wear Additives Extend Power Steering System Life  
High-Quality Formula Extends Fluid Life  
For Both High-and Low-Mileage Vehicles

Read directions and safety  
information on back panel.

12 FL.OZ. (354 mL)

Developed for use in GM®, Ford®, Chrysler®, and most foreign cars and light trucks. See vehicle's owners manual. Formulated to help protect modern power steering systems against pump breakdown and squeals caused by wear, oxidation, and foaming. Pours at sub-zero temperatures to help assure cold weather steering performance.

**DIRECTIONS:** With engine off, fill power steering reservoir to level specified in vehicle owner's manual. Do not overfill, as system damage may occur. After using product, always wash exposed skin thoroughly with soap and water.

**ATTENTION:** Contains highly refined petroleum oils (proprietary), alkoxy sulfolane (proprietary), zinc compounds (proprietary), proprietary additive (proprietary).

May cause eye and skin irritation. Avoid contact with eyes and prolonged skin contact. In case of contact, flush with water and seek medical attention if irritation persists. If swallowed: call a physician or poison center. **KEEP OUT OF REACH OF CHILDREN AND PETS.**
