

Van Zyverden's
ELEPHANT EAR COLOCASIA

Elephant ear bulbs are among the most eye catching of the bulbs available for purchase. Not only are they one of the largest flowering bulbs but they are also very versatile and can grow with little sunlight to full shade. Beautiful on their own or planted as a back drop for your favorite blooms. They provide a bold tropical effect in nearly any garden. Grown for their foliage which is reminiscent of an elephant's ears. Once established they require little to no attention.

Huge tropical leaves

Easy to grow

Grows well in containers

About This Variety: This colocasia is the most popular of all elephant ears and provides drama in the garden, producing strikingly large leaves. The best of the best for those who have busy lives and little time to wait. Huge plants the first year.

Growing Instructions: Plant outdoors only after soil and night temperatures have warmed up above 60°F.

Care Tip: They love water so much that you can even plant them at pond edges. Never let the soil dry out.

Blooms: No Blooms

Exposure: Full Sun to Partial Shade

Height: Grows 7' tall

Spacing: Plant 7' apart, 4" deep

USDA Zones: Hardy in USDA zones 8-11

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
