If you have any questions, please contact us through your order page.

BEFORE INSTALLATION

Check that all parts and accessories are included. If anything is missing or damaged, contact us through your order page.

PACKAGE CONTENTS

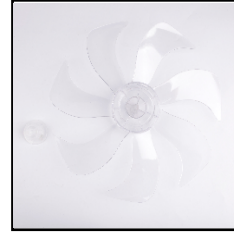

1. Top Control Box

2. Petal Blade

3. Acrylic Crystal Base

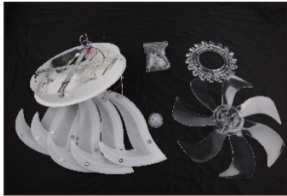

4. PC Fan Blades & Cover

5. Accessory Kit

INSTALLATION STEPS

(1)

1. Unpack and Check the Parts

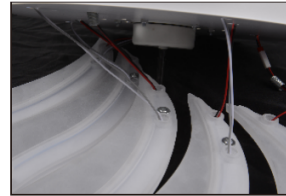

Unpack the product and make sure all parts and accessories are ready before assembly.

(2-1)

2. Attach the Petal Blades

Attach the petal blades to the top control box using the provided screws and nuts. At first, tighten each screw only about one-third of the way. Do not fully tighten the screws until all petal blades are correctly positioned. Do not overtighten, as excessive force may damage the LED components inside the petal blades.

(2-2)

(2-3)

(3)

3. Install the Acrylic Crystal Base

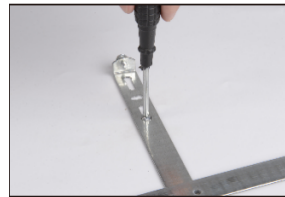

Use the screws and nuts from the accessory kit to attach the acrylic crystal base to the top control box.

(4)

4. Install the Fan Blades & Cover

Install the fan blade assembly and cover as shown. Make sure all parts are properly aligned and seated in place.

(5-1)

5. Mount the Fixture to the Ceiling

Secure the mounting bracket to the ceiling using the hardware from the accessory kit. Then attach the top control box to the mounting bracket. Complete all wiring connections before restoring power.

(5-2)

IMPORTANT NOTES

- Make sure all screws, fan blades, and mounting hardware are securely tightened before use.
- Do not install the fixture on an unstable ceiling or outdoors.
- Turn off power at the circuit breaker before cleaning or servicing the fixture.
- If the fixture does not operate properly, turn off the power and contact us through your order page.
- Clean the fixture with a soft, dry cloth. Do not use abrasive or corrosive cleaners.

INSTALLATION STEPS

SAFETY REMINDER Do not install the fixture on an unstable ceiling or outdoors. Qualified personnel should handle lighting faults.

1

Check All Parts

Make sure all parts and accessories are included before assembly. Contact us if anything is missing.

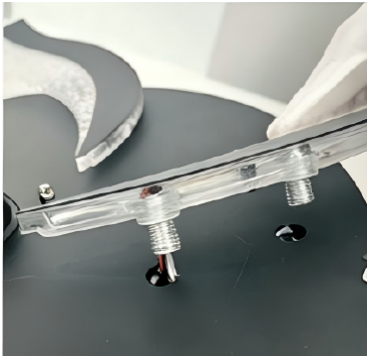

2

Fasten the Fan Blades

Secure the fan blades with the provided screws.

3

Align the Mounting Holes

Align the screw holes on the fan blade with the holes on the perforated plate.

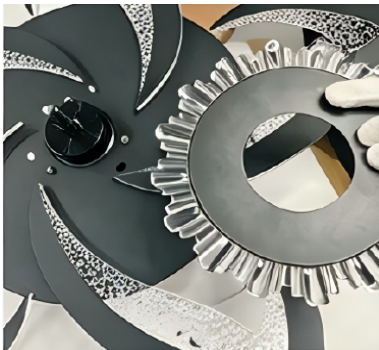

4

Tighten the Blade Screws

Tighten the screws on both sides of each fan blade. Repeat for the remaining blades.

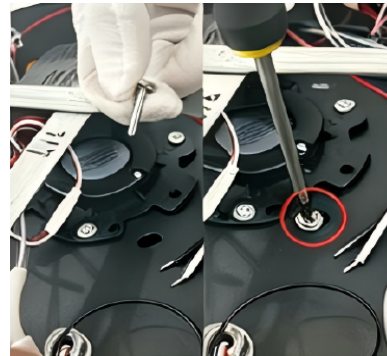

5

Install the Acrylic Center Panel

Position the acrylic center panel as shown.

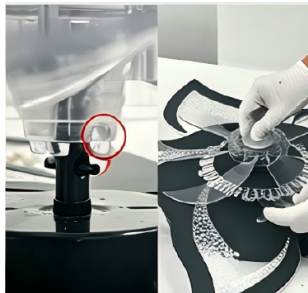

6

Secure the Center Panel

Tighten the screws inward with a screwdriver until the panel is secure.

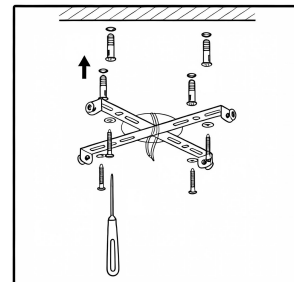

7

Lock the Fan Blades in Place

Lock the fan blades into the slots. Note: Tighten the fan blade cover counterclockwise.

8

Install the Ceiling Mounting Bracket

For ceiling mounting, secure the bracket using the screws with lock washers.

FINAL CHECK Make sure all screws, fan blades, covers, and mounting hardware are secure before restoring power. If you have any questions, please use the QR code on Page 1 or contact us through your order page.
