Cordless, Rechargeable Drop Light

The NextLED **Cordless, Rechargeable Drop Light** is a modern-day interpretation of a bulky, old corded drop light. Its cordless design allows you to use this light in places never before possible. It offers not only one, but two hanging hooks to offer more options to its hand-free operation. It also comes with a strong magnetic base to securely hold it to most metal surfaces. It has 3 light levels and a long-lasting rechargeable lithium-ion battery. Its integrated, on-board power bank allows you to charge additional digital devices, that use a USB-C port, with your light.

CAUTION:

Read all instructions and warnings before operating!
SAVE THESE INSTRUCTIONS!

WARNING: To avoid serious injury or death from electrical shock or fire:

1. This fixture **MUST ALWAYS BE USED IN ACCORDANCE WITH ALL ELECTRICAL AND SAFETY CODES AND ORDINANCES**, including the most recent National Electric Code (NEC) and with the Occupational Safety and Health Act (OSHA) Volume 1 on General Industry Standards and interpretations.
2. **ALWAYS** make certain that the power source conforms to the rating on the fixture.
3. **DO NOT** inspect or service the fixture while charging.
4. **CAUTION:** This fixture is for indoor use. Keep dry. Do not open, drop, short-circuit, incinerate, expose to temperatures higher than 140°F, or charge/use if damaged.
5. People with pacemakers should consult their physician(s) before use. Electromagnetic fields in close proximity to heart pacemaker could cause pacemaker interference or pacemaker failure
6. This fixture is not explosive-proof, **DO NOT** use in potentially dangerous locations, such as in flammable or explosive atmospheres.
7. **NEVER** operate the light with the clear protective glass broken or removed.
8. **NEVER LOOK DIRECTLY INTO LIGHT SOURCE.** LED's are extremely bright and can damage eyes with prolonged exposure.
9. **KEEP AWAY** from heating vents, radiators, or other sources of heat.
10. **KEEP OUT OF REACH OF CHILDREN.**

LITHIUM BATTERY SAFETY WARNINGS

LITHIUM BATTERIES STORE A LARGE AMOUNT OF ENERGY AND WILL VENT FIRE OR EXPLODE IF MISTREATED:

1. Keep work light dry.
2. **DO NOT DO ANY OF THE FOLLOWING TO DROP LIGHT:**
 - a. Drop
 - b. Open
 - c. Short-circuit
 - d. Puncture
 - e. Incinerate
 - f. Expose to temperatures greater than 140°F.
3. Charge Drop Light only according to these instructions

OPERATION/CHARGING

1. To Turn Light On:

Press the power button once to turn the LED light on at 100% (1,000 lm). Pressing the power button a second time will change the light to 50% (500 lm). Press the power button a third time for low lighting (125 lm). Pressing the power button a fourth time will turn the light off.

2. Battery Charging:

WARNING: YOU MUST FULLY CHARGE THE BATTERY BEFORE USING THE DROP LIGHT FOR THE FIRST TIME!

Use the USB-C charging cable that came with this product. Plug one end into the port located on the battery compartment, located under the rubber cover on the bottom of the light. Plug the other end into your USB charging device. The charging indicator light will turn RED while charging. When fully charged, the indicator light will turn GREEN. Disconnect USB cord and Headlamp is ready for use.

To prolong the life of the battery, it is best to recharge the battery before it is fully discharged.

Avoid extreme temperatures, especially heat.

DO NOT attempt to open the battery compartment as this could damage the unit and will void the warranty.

WARNING! Charge while indoors only.

WARNING! Always use the provided charging cable and a 5V adapter (not provided). Using a non-compatible cable and charger could cause damage to the Drop Light or personal injury.

MAINTENANCE

Only qualified service personnel must perform repairs. Opening or visible attempts to open or repair work light will void any warranty and/or cause damage to the product or personal injury.

CAUTION! Do not use solvents such as gasoline, turpentine, etc. to clean the unit. Aerosols and other chemical will fog the clear polycarbonate lens.

ONE YEAR LIMITED WARRANTY

If this NextLED® product fails due to defect in materials or workmanship, NextLED® will at its option, repair it or replace it with the same or comparable model, free of charge.

For repair or replacement under warranty, return to the retail establishment where the product was purchased.

This warranty give you specific legal rights and you may have other rights that vary from state to state.

This warranty is void if damage or defect has resulted from accident, abuse, misuse or faulty repair. In no event will NextLED® be liable for any consequential, special, incidental, or indirect damages of any kind arising out of the use or misuse of this product.

Maximum liability shall not in any case exceed the purchase price of the product including shipping. Some states do not allow the exclusion or limitation of incidental or consequential damages so the above exclusions or limitations may not apply to you.

SPECIFICATIONS

Material: ABS and TPU
Weight 6.5 oz.
Size..... 9" x 2.5" x 2"
High Beam Brightness..... 1,000 lumens
Working Time..... 1.5 hrs.
Beam Distance..... 99 ft./30 m
Med. Beam Brightness 500 lumens
Working Time..... 3 hrs.
Beam Distance..... 66 ft./20 m
Low Beam Brightness..... 125 lumens
Working Time..... 10 hrs.
Beam Distance..... 33 ft./10 m
Battery..... 3.7V 2,000mAh Lithium
Color Temp:..... 6,000k
Impact Resistance:..... IK07
