USER MANUAL

LP847

Compact 1250L Dual Grip

2000mAh 3.7V Dual Power/3 AAA

FEATURES

- TACKGRIP®
- Rechargeable
- USB -C
- Illuminated Side Button
- Dual-power (3AAA) or Rechargeable
- IPX4

OPERATION INSTRUCTIONS

On/Off: Press and release on/off button.

Cycle Modes: Press button quickly to cycle through modes (High/Medium/Ultra Low). If light remains in a single mode for longer than 3-5 seconds, the next press of the button will turn the light off.

CHARGING INSTRUCTIONS

Charging Instructions: To charge the flashlight, reveal the charge port on the back of the light by lifting the charge port cover.

Plug the USB-C end of the charging cable (included) into the port on the flashlight. Plug the opposite end of the charging cable into a 5V USB power source.
The LP847 has a charge time of approximately 3 hours.

Alkaline Battery Instructions: Unscrew the flashlight's tail cap and remove the rechargeable battery. Insert three new AAA batteries into the included battery holder, following the polarity markings. Insert the battery holder into the flashlight and securely replace the tail cap.

If you won't be using the flashlight for an extended period, remove the batteries and store the flashlight in a dry, protected place.

ANSI/PLATO FL1 STANDARD

MODES	LUMENS	RUN TIME	BEAM DISTANCE
High	1250/1253	2H	122
Medium	697 lm	4H	82
Ultra Low	71 lm	9H	29
