All product returns and exchanges are solely handled through the RMA Department. Along with Proof of Purchase, fill and sign the RMA form, and email to [rma@ledonecorp.com](mailto:rma@ledonecorp.com) and "CC" your Account Manager.

For products purchased by a distributor or third party, contact your Seller and fill out the Customer (End-User) RMA Form.

### Returning or Exchanging a Damaged, Defective, or Incorrect Item

If the item you received is delivered damaged or defective, or not the item you ordered, please read the following:

- Inspect the shipment and packaging upon arrival. If the package is damaged during shipping, we recommend taking photos and, if possible, refusing delivery. For Freight shipments, load must be inspected for damage at the time of delivery and before signing the Bill of Lading (BOL). If packaging suggests possible internal damage or has visible damage, please note on the BOL and report to LEDone within 24 hours of received date. Please submit all images for proof, along with an RMA Form, to our RMA department via email.
- All items that are defective can be replaced (within warranty time limits) or credited to your account (no refunds are issued). You must notify LED One of defective items to address the problem promptly.
  - o Defective, damaged, or incorrect products may be returned for credit only within 30 days after the date of purchase. After 30 days, there will be no credit issued, only replacements or exchanges. No monetary refunds are available.
  - o Defective or damaged products may be replaced with reconditioned, refurbished, repaired, remanufactured, new product(s), with comparable function and performance at LED One's discretion.
  - o Factory-defective products will be provided with pre-paid shipping labels if purchased within 90 days. The customer is responsible for the return product shipping and freight expenses after 90 days from the purchase date. Replacement product shipping will be covered by LED One Corp.
  - o For all prepaid replacement order, the customer will have up to 30 days to ship the item back to LED One in order to get full refund once the products are inspected. If the item is returned at customer's expense, you must inform the RMA Dept. of the Tracking number with the corresponding RMA Reference Number assigned, via email. If the products returned after 30 days, a 25% of the product value will be deducted as processing fee.
  - o No items that have been altered, incorrectly mounted or installed, and/or combined with incompatible hardware/fixtures/drivers will be accepted for credit or replacement, and will void warranty.

### Returning or Exchanging a Non-Defective Item

If the product in question is not defective, damaged, or incorrect, credit may be issued if requested within 30 days from the purchasing date. After 30 days, no credit will be issued. No monetary refunds are available. Credited amount will be only for the product, and will exclude shipping and processing fees. Customers are responsible for providing return shipping labels and covering cost for such returns.

To receive credit:

- Product must **not** be in a used, previously installed, or tampered-like condition. Item state must retain ability to be remarketed or resold. All returned product is subject to inspection, with LED One maintaining sole discretion on decisions regarding product fitness for return. Items must be new, undamaged, unmarked, and in factory sealed packaging.
- All product and corresponding accessories must be included.
- Product returns may be subject to a restocking fee at LED One's discretion.

### Packaging Returns

All product returning to our warehouse must be accompanied by a copy of the RMA Form with the RMA Reference Number assigned to the case. If the product does not contain any identifying information, LED One is not responsible for the product. If the product arrives before an RMA form is submitted and case number is assigned, LED One is not responsible for lost or mislabeled merchandise. If such is the case, LED One may refuse delivery and return the item to the shipper.
