Due to the wide variety of requests we receive, 3M Personal Safety Division provides letters such as this in response to requests for regulatory information.

To the best of 3M Personal Safety Division's knowledge, the above listed products are in compliance with Proposition 65, and reasonably anticipated use of the product will not result in exposure to any Proposition 65 chemicals that would require a Proposition 65 warning.

The information provided in this letter related to material content represents 3M Personal Safety Division's knowledge and belief as of the date it is provided, which may be based in whole or in part on information provided by suppliers to 3M.

In the event any Product is proven not to conform with 3M's certification, then to the extent permitted by law, 3M's entire liability and Buyer's exclusive remedy, will be at 3M's option either: (i) replacement of Product with a conforming product, or (ii) refund of the purchase price paid by Buyer for each non-conforming Product, within a reasonable time after written notification of said non-conformance and return of said Product to 3M. 3M shall not under any circumstances be liable for direct, incidental, special, or consequential damages (including but not limited to loss of profits, revenue, or business) related to or arising out of this certification, including, the use, misuse or inability to use the Product. Unless stated otherwise in writing, the foregoing language cannot be waived, modified, or supplemented in any manner whatsoever.

I trust the above information is responsive to your request.

If you have any questions about the features or performance of this 3M product, please call 3M Personal Safety Division Technical Service at 1-800-243-4630. Please contact me at 317-982-3341 if there are any additional questions.

Regards,

3M Science.
