

### ⚠ WARNINGS ⚠

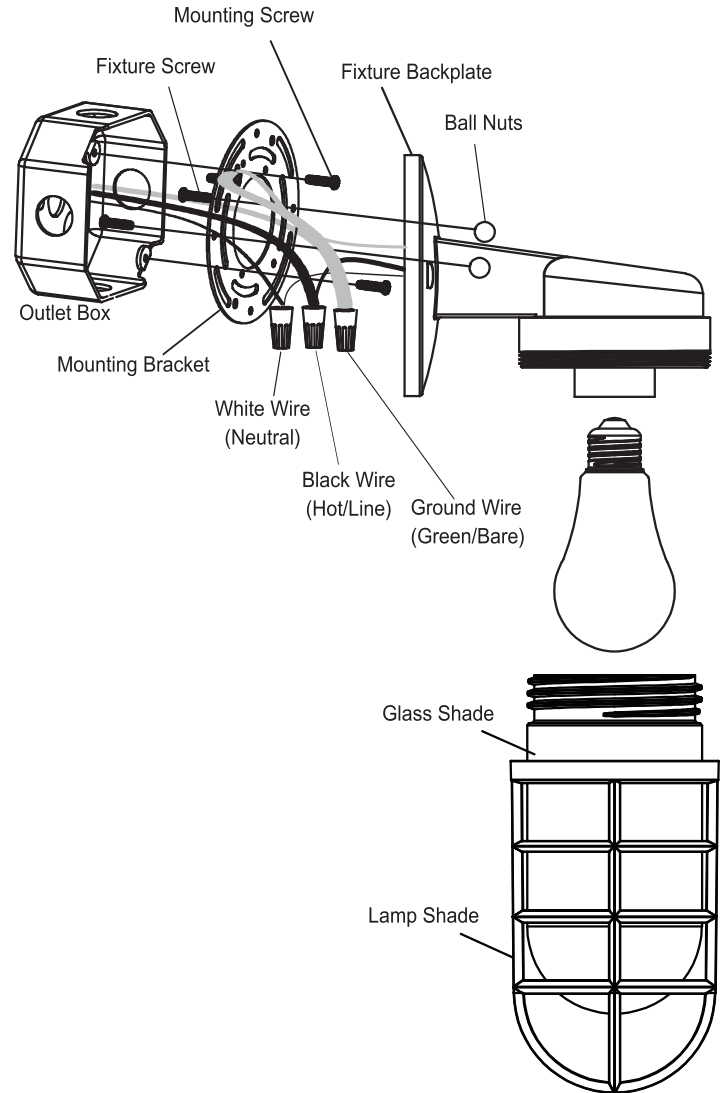

- Risk of electric shock - Disconnect power at the source before installation.
- If you are unsure about the installation or the maintenance of the wall light, please consult an electrician.
- Do not make or alter any holes in the wiring enclosure or modify any electrical componentry.

### ⚠ CAUTIONS

- To insure personal safety, proper grounding of the electrical fixture is required.
- The fixture must be wired in accordance with the National Electric Code and applicable local codes or ordinances.
- Turn off the main power at the circuit breaker before installing the fixture, in order to prevent possible shock.

## WIRING AND FIXTURE MOUNTING INSTRUCTIONS

- Turn off the main power at the circuit breaker before installing the fixture, in order to prevent possible shock.
  - If you are replacing an existing fixture, remove and disconnect the old fixture first.
1. Expose the supply wires from the outlet box.
  2. Remove MOUNTING BRACKET from fixture and install to ELECTRICAL BOX using FIXTURE SCREWS. Make sure you feed the supply wires through the center hole of the mounting bracket.
  3. Tie ground wire from OUTLET BOX and from fixture (bare wire) to the GROUND SCREW on the MOUNTING BRACKET.
  4. Connect white wire from fixture to white wire (neutral wire) from supply circuit.
  5. Connect black wire from fixture to black wire (live wire) from supply circuit. Cover connections using provided WIRE CONNECTORS.
  6. Taking care, tuck the wires back into the outlet box.
  7. Attach the fixture back plate to MOUNTING BRACKET and tighten BALL NUTS so fixture meets wall. FIXTURE SCREWS should protrude from FIXTURE BACK PLATE 1/4".
  8. Install supplied bulb or desired bulb into fixture (if you are using another bulb observe fixture's max wattage rating label).
  9. Slide the GLASS SHADE over the bulb and rotate securely into place.
  10. Final Assembly - Attach LAMP SHADE and rotate securely into place.
  11. The installation is now complete. Restore the electricity and check the operation of your lighting fixture.

## WARRANTY - 3 YEAR FIXTURE / 1 YEAR BULB

Maxxima extends a 3 year fixture / 1 year bulb limited warranty to the original purchase that the products listed are free from defects in material and/or workmanship only. Maxxima will replace any warranted product to the original consumer/purchaser if the product fails because of defects due to workmanship and/or materials within the limited warranty period. Limited warranty is not transferable and applies to the original installation of the Maxxima product. This offer does not constitute in any way a product guarantee and Maxxima does not hereby assume any obligation whatsoever beyond sending a free replacement product.
