NETWORK CONNECT AND APP SETUP

1

Connect to a 2.4GHz Wi-Fi Network. Download and install the Feit Electric App

NOTE: Only works with 2.4GHz Wi-Fi networks

Go to your Wi-Fi settings and connect your phone to your 2.4GHz Wi-Fi network.

Download and launch the Feit Electric App

2

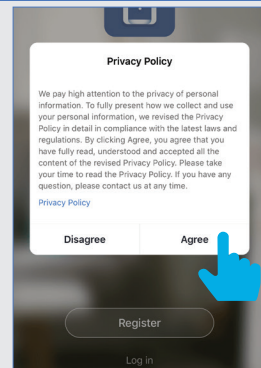

Register

Tap **Register** to create a new account or Tap **Log in** if you have an existing account.

3a

Privacy Policy

Tap **Agree**.

3b

Log in

United States of America +1

Email / Mobile

Password

Log in

Verify via SMS

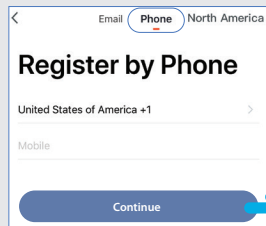

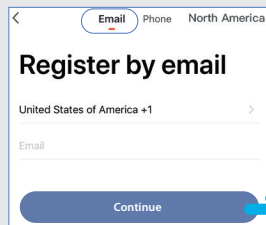

Forgot Password

Returning users **Log in** and skip to step 10.

APP SETUP

4

Register

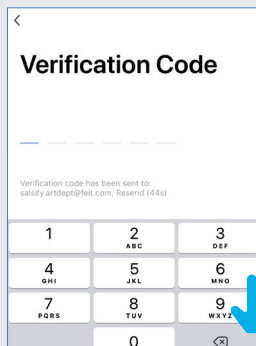

You may use an email or mobile number to create an account. Then tap **Continue**.

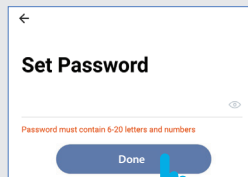

(A verification code will be sent to your email or mobile number.)

5

Verification/Password

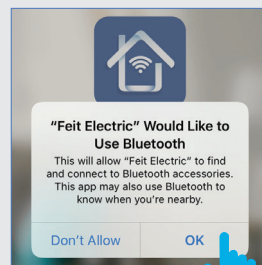

Enter **Verification Code** sent to your email or mobile number.

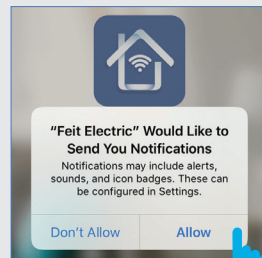

Create a Password then tap **Done**.

6

Permissions

Allow Bluetooth
(Recommended).

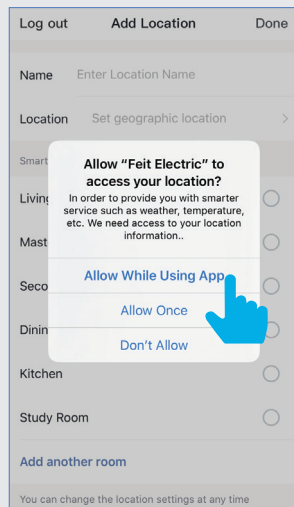

Allow Notifications
(Highly Recommended).

APP SETUP

7

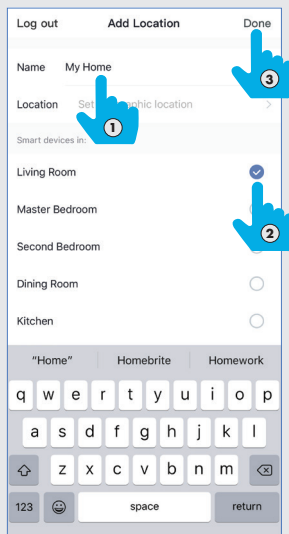

Location Access

You must **Allow** Feit Electric App to access your location to connect to your device.

8

Name Location

- ① Enter your location name.
- ② Check where your device is located.
- ③ Tap **Done**.

9

Confirm Home Added

Tap **Done** or **View Home** for location settings.

SMART PLUG SETUP

1

Add Device

IMPORTANT!
Install and Power On
your Smart Plug(s) before proceeding.

Tap + in the upper right corner
NOTE: If this is the first device you
are setting up, you can also
select **Add Device**.

2

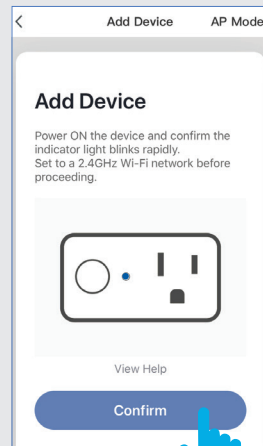

Add Outdoor Plug

Tap **Plugs**,
then tap **Indoor Plug**.

3

Confirm Pairing

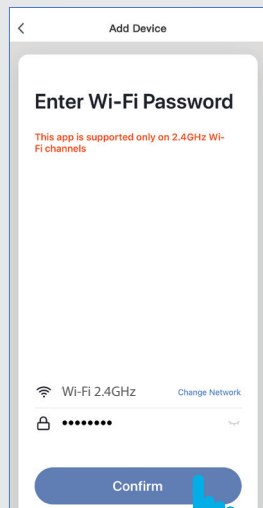

Indicator light on indoor plug must be
rapidly blinking to connect. If not already
blinking, press and hold the power button
for five seconds, then tap **Confirm**.

SMART PLUG SETUP

4

Confirm Wi-Fi connection

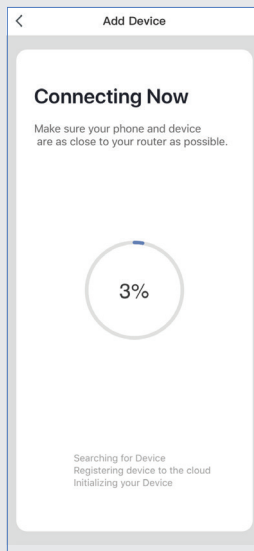

The screenshot shows the 'Add Device' screen in the Smart Plug Setup app. At the top, it says 'Enter Wi-Fi Password'. Below this, a red note states: 'This app is supported only on 2.4GHz Wi-Fi channels'. At the bottom, there is a Wi-Fi selection area showing 'Wi-Fi 2.4GHz' with a 'Change Network' link. Below the network name is a password field with masked characters (dots) and a 'Next' button. A large blue 'Confirm' button is at the very bottom, with a blue hand icon pointing to it.

After confirming that you are on a 2.4GHz Wi-Fi network, enter your password then tap **Confirm**.

5

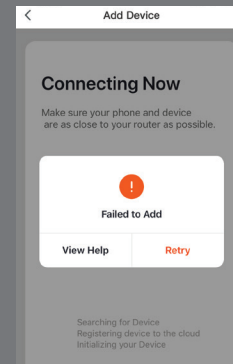

Connect

The screenshot shows the 'Add Device' screen in the Smart Plug Setup app. It says 'Connecting Now'. Below this, it says 'Make sure your phone and device are as close to your router as possible.' In the center is a circular progress indicator showing '3%'. At the bottom, it says 'Searching for Device', 'Registering device to the cloud', and 'Initializing your Device'.

The connecting status window will appear. Wait until it's completed.

Troubleshooting

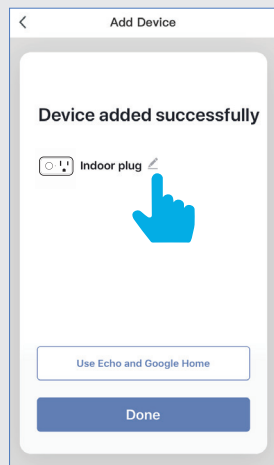

The screenshot shows the 'Add Device' screen in the Smart Plug Setup app. It says 'Connecting Now'. Below this, it says 'Make sure your phone and device are as close to your router as possible.' In the center is a red circle with an exclamation mark and the text 'Failed to Add'. Below this are two buttons: 'View Help' and 'Retry'. At the bottom, it says 'Searching for Device', 'Registering device to the cloud', and 'Initializing your Device'.

If you see a **Failed to Add** notification, check to be sure your Wi-Fi password was entered correctly. Close the app and repeat the previous steps to try connecting again or **View Help** for further assistance.

SMART PLUG SETUP

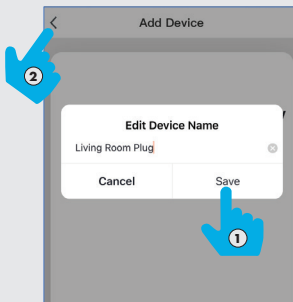

6

Device Added

Once device is successfully added, tap the **Pen** icon to rename the device.

Edit Device Name

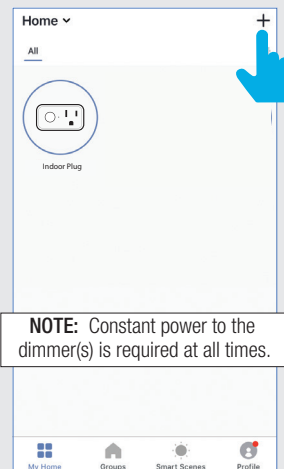

Once device has been renamed,

- ① Tap **Save**
- ② then tap back "←".

Then tap **Done**.

Adding Additional Devices

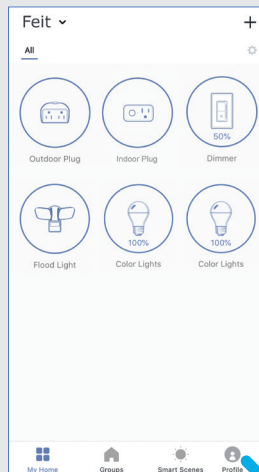

NOTE: Constant power to the dimmer(s) is required at all times.

To add additional devices tap the plus (+) sign in the upper corner.
Repeat steps **2, 3, 4, 5** and **6**.
