

Ponytail Palm

Sunlight

Indoor: Bright indirect light
Outdoor: Full to partial sun

Water

Minimal. Water moderately and let soil dry out completely between waterings. Do not let plant sit in water.

Pet Friendly

Safe

Mature Size

Height: 6 - 8' (inside)
Width: 3 - 5' (inside)
In ground grows to 12 - 18'

Air Purification

Good – removes multiple airborne toxins

Plant Hardiness

Outdoor: Zones 10-12
Indoor: ANY ZONE

Indoor Care Tips

Almost any soil is fine, as long as it drains fast and is in a well draining pot

Outdoor Care Tips

- Plant in well-draining area; in-ground or a planter
- Bring indoors when temp goes below 45° F

Expert Advice

- Relatively pest resistant
- Slow and easy growing
- Needs minimal water
