

vinyl/laminate series

Remodel your staircase for half the cost of a prefinished hardwood staircase.

Easy to install for the do-it-yourselfer. Installs in half the time of using nosing and backfilling with flooring.

The 2.25" modern nose can cover dimensional lumber treads and gives the appearance of a solid wood slab.

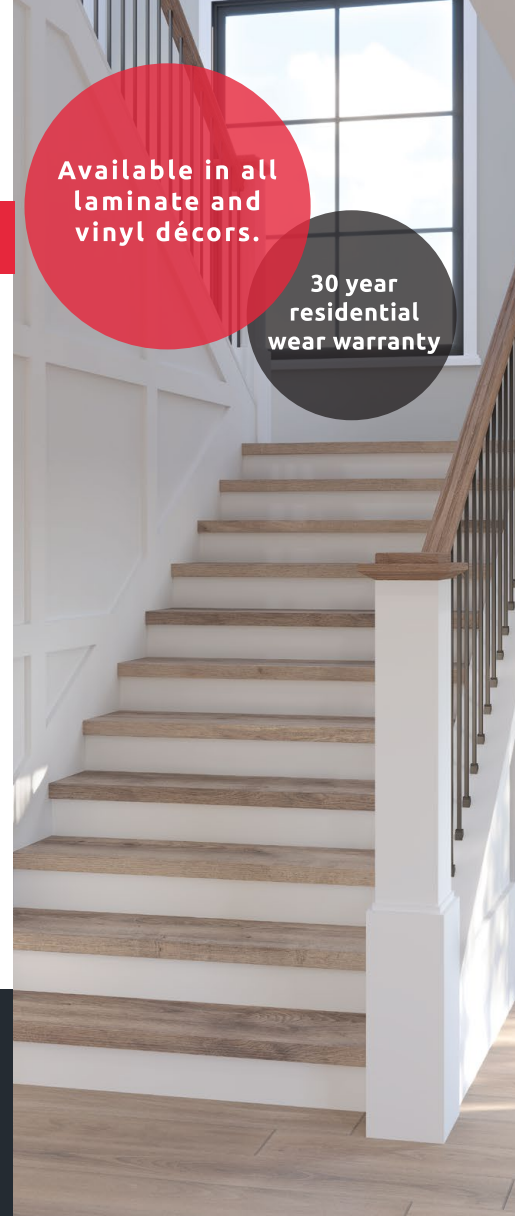

The traditional nose gives the appearance of a standard tread with cove molding once installed.

Available in box remodel treads and return end remodel treads in Modern and Traditional profiles.

Available in all
laminate and
vinyl décors.
