

VanZyverden's
SPIRAEA POPROCKS PETITE™ 4" POTTED ROCKETLINERS®

Rocketliners® are sized, shaped and rooted throughout the pot with strong and responsive roots. Gardeners can expect a finished healthy plant within a single growing season. They have greater fresh root mass and vertical root training which promotes faster finishing times. While it can often take up to 3 years for a shrub or vine to get fully established growing from bareroot, Rocketliners® may only take 12 months, saving you up to 2 seasons of waiting time. Rocketliners® are for gardeners that have busy lives, little time to waste and want to start out with the best planting stock.

Poprocks™, new and hot for 2019

*shrubs are the
cornerstone of landscapes*

About This Variety: Poprocks™ Petite (Spiraea japonica 'Odessa' USPPAF) from Bloomin' Easy® is an improved deciduous shrub, noted for its tidy compact form. Poprocks™ Petite only reaches 30 inches tall after four years of maturity so you don't need to worry about it wildly overgrowing your space like older varieties. This new variety will satisfy your sugar cravings as its the sweetest Spirea of all, featuring eye-catching candy-pink button flowers that pop against rich green foliage from late spring to fall. Place your new friends along a walkway, grouped in mixed beds or as the star of a decorative container.

Growing Instructions: Dig a hole two times the width of the Liner pot. Set top of root ball even with ground level. Combine planting mix and garden soil. Fill to ground level and tamp down firmly. Water to settle soil. Add layer of mulch to retain moisture and discourage weeds. Water regularly for the first year, then as needed once established. Feed with a quality fertilizer following application and frequency instructions, typically just before and during the bloom season.

Care Tip: Prune after blooming for best flower set the following year.

Exposure: full sun

Height: grows 36' tall

Spacing: plant 36" apart, setting root ball even with ground level

USDA Zones: hardy in USDA zones 3-8

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
