

LSBT SlimBasics™ Tapered LED

Surface Mount Disk Light

Flexible. Cost-Effective.

The SlimBasics™ LSBT Tapered LED Disk Light Series comes in 6" and 14" sizes and provide even illumination where you need it most. The matte white aluminum trim is aesthetically pleasing bringing a design element that easily blends with any décor.

The driverless LSBT installs directly into most industry standard junction boxes meaning no additional brackets or modifications are needed. This makes LSBT the lowest total installed cost surface mount fixture for residential spaces.

The LSBT is perfect for closets, bathrooms, soffits, and outdoor covered ceiling applications as well as light commercial and hospitality spaces.

Quick Facts:

- Available in static as well as 3CCT solutions
- Switchable Color Temperature offers 3000K/4000K/5000K in a single fixture
- Adjustable Lumen Output offers 1300L/1800L in a single fixture (14" only)
- Wet Location Listed
- Mounts to industry standard junction boxes (no bracket required)
- Suitable for use within closet storage spaces

Always in Stock

All LSBTs are stocked in multiple regional warehouses throughout the country.
