ANNUAL RYEGRASS SEED FOR OVERSEEDING OR TEMPORARY LAWN SUPPORT

PENNINGTON

GRASS SEED

GENERATIONS OF TRUST.

At Pennington, our relationship with the grass seed we sell starts long before your seed is grown. While most grass seed companies buy their seed on the open market, we are the only major grass seed company that works directly with a network of dedicated growers.

Built on decades of trust and integrity, our relationships with seed growers and their families now span multiple generations. Our legacy of working directly with farmers to bring you the finest grass seed possible helps ensure their success and ours. At Pennington, we know our seed and the farmers who grow it. From field to final product, that's the Pennington way.

IS ANNUAL RYEGRASS THE RIGHT SEED FOR YOUR LAWN?

Annual Ryegrass is known for fast establishment and quick color. If you need temporary support for a permanent northern lawn or temporary winter color for a southern lawn, this annual grass is an ideal choice.

FEATURED CHARACTERISTICS OF ANNUAL RYEGRASS

IDEAL FOR OVERSEEDING OR TEMPORARY LAWN SUPPORT

WHERE WILL THIS SEED GROW BEST?

WHEN SHOULD THE SEED BE PLANTED?
Early Spring or early Fall

HOW MUCH SEED SHOULD BE USED?
Winter Overseeding & Bare Spots
10 lbs / 1,000 sq ft
Thin Lawn Support
5 lbs / 1,000 sq ft

4 EASY STEPS FOLLOW THESE INSTRUCTIONS TO WOW YOUR NEIGHBORS

EN CUATRO PASOS SENCILLOS: Siga estas instrucciones para impresionar a sus vecinos

STEP 1

PREPARE

NEW LAWNS

FOR BARE SPOTS/NEW LAWNS:
Remove debris, then rake the soil to loosen and smooth the top layer.
PARA ZONAS CON HUECOS O CÉSPED NUEVO: Retire los desechos y luego rastrille la tierra para aflojar y suavizar la capa superior.

OVERSEEDING

FOR OVERSEEDING/THIN AREAS:
Start by mowing existing grass as short as possible followed by removing debris. Then rake the soil to loosen and smooth the top layer.
PARA RESEMBRA O ZONAS DELGADAS: Corte el césped existente lo mas corto sea posible y elimine los desechos. Luego, rastrille la tierra para aflojar y suavizar la capa superior.

STEP 2

APPLY FERTILIZER

Apply a starter fertilizer at the manufacturer's recommended rate.
APLIQUE UN FERTILIZANTE: Aplique la cantidad de fertilizante recomendada por el fabricante.

STEP 3

APPLY SEED

Spread the seed evenly using a drop, rotary or hand-held spreader according to the recommended spreader settings listed. Rake gently to work your seed & fertilizer into the soil.
APLICACIÓN: Disemine las semillas de manera uniforme con un esparcador de caída, rotativo o manual, de acuerdo con las configuraciones recomendadas y enumeradas del esparcador. Rastrille suavemente para que las semillas y el fertilizante germinen en la tierra.

STEP 4

WATER

Keep the soil moist by watering daily as needed until grass sprouts and reaches about 3" tall.
RIEGUE: Mantenga la tierra húmeda al regar lo que sea necesario por día hasta que el césped brote y alcance alrededor de 3 pulgadas (7,62 cm) de alto.

ADDITIONAL CARE TIPS

1

Mow lawn when grass height reaches 3" tall

2

Avoid removing more than 1/3 of the total grass blade length in any single mowing

3

Hot summers can be stressful on your lawn; increase the mowing height during hot and dry periods to reduce stress on your lawn

MOST IMPORTANTLY - Don't kill the grass before it starts by using weed control (pros call it preemergent) on your lawn until your grass has reached its full mowing height of 3"

RECOMMENDED SPREADER SETTINGS		
SPREADER TYPE	THIN AREAS	BARE SPOTS/ NEW LAWNS
Expert Gardener™ Push Seed Spreader	13	13*
Scotts® Turf Builder® EdgeGuard® Mini Broadcast Spreader	14	14*

NOTICE: Arbitration/conciliation/mediation required by several states. Under the seed laws of several states, arbitration, mediation, or conciliation is required as a prerequisite to maintaining a litigation based upon the failure of seed, to which this notice is attached, to produce as represented. The consumer shall file a complaint along with the required filing fee with the commissioner/director/secretary of agriculture, seed commissioners, or chief agricultural officer within such a time as to permit inspection of the crops by the designated agency and the seedman from whom the seed was purchased. A copy of the complaint shall be sent to the seller by certified or registered mail or as otherwise provided by state statute.
