

Dual Fuel Range 30", Self-Cleaning

Series 9 | Contemporary

Stainless Steel

Get the best of both worlds with dual fuel. A gas cooktop is paired with a nine function convection oven.

- Four burner gas cooktop with two dual wok burners
- Convection oven with 3.5 cu. ft total capacity and nine oven functions including Aero™ Pastry with Pizza mode, Roast, and Rapid Proof.
- Non-tip full-extension shelves for safe removal of hot dishes
- High-temperature self-cleaning function breaks down food residue for an easy clean

DIMENSIONS

Height	35 ³ / ₄ - 37 ⁵ / ₈ "
Width	29 ⁷ / ₈ "
Depth	25 ¹ / ₄ "

FEATURES & BENEFITS

Multi-shelf cooking

Our AeroTech™ system circulates air evenly throughout the entire oven so dishes on the top shelf turn out just as perfect as food cooking on the bottom shelf.

Quality and durability

Every detail has been carefully crafted. The solid, perfectly balanced soft-close door, durable cooktop trivets and glowing halo dials all add up to an exceptional, premium range.

Easy to clean

Cleaning up spills is effortless. Your cooktop simply needs a quick wipe to keep it looking good as new. The self-clean function breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.

Burner power & control

Instant and immediate control from the highest to the gentlest heat. The finely tuned cooktop controls let you sear, stir fry or simmer a delicate sauce to perfection.

Large capacity oven

The generous 3.5 cu.ft total capacity oven gives you plenty of space to cook multiple dishes at once.

Even heat

Accurate, electronically-controlled oven heat ensures a great result every time.
