## Specifications

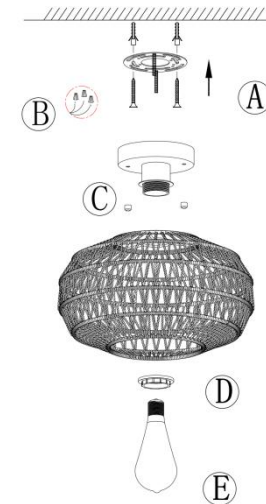

Working Voltage	110-120V
Max. Wattage	60W per Bulb
Base Type	E26
Suggested Bulb	Incandescent, Halogen, LED
Certification	bulb socket is UL Listed
Warranty	2 Years

## Package List

- 1 x Ceiling Canopy
- 1 x Lampshade
- 1 x Pack of Hardware
- 1 x Bulb

## Cautions

- Carefully unpack your new fixture and lay out all the parts on a clear area . Take care not to lose any small parts necessary for installation .
- We recommend to wear gloves during installation to avoid fingerprints or your finger being hurt .
- Shut off power when you screw a light bulb or change a light bulb .
- Do not look at the bulb directly for a long time or touch it when the bulb is power-on .

## Installation Step

- Attach the metal bracket to your junction box with Phillips head screws. (Anchor screws are only useful for those customers who do not have a junction box).
- Connect the "L" wire to your "live" wire through the orange terminal caps and the "N" wire to your "neutral" wire, the copper wire needs to be wrapped around the green screw .
- Attach the canopy to the metal bracket with canopy screws.
- Assemble the lampshade and the bulb holder together by the black screw washer.
- Final step: screw on the included bulb.

## Normal Trouble Shooting

### Q: My lamp does not work when I first use, what can I do?

- A: Please check whether the lamp is really powered on.  
Please make sure the light bulb you are using is the good one.  
Please check whether the copper pieces inside the bulb socket contacts well with your bulb.  
None of these 3 steps? Just feel free to contact us for a replacement.

### Q: My lamp misses parts / is defective / has broken parts, what can I do?

- A: Please contact us directly. We have spare parts in US warehouse . Necessary parts or a whole replacement will be shipped in 24 hours as soon as we being noticed .
