

FRASER HILL FARM®

42-inch 5-Candle Holder Christmas Centerpieces

Spruce up your holiday decor with a five-candle holder centerpiece from Fraser Hill Farm. A rustic wooden box provides the perfect base for the beautiful arrangement, featuring greenery and seasonal accents like pinecones or red berries. Five platforms are raised above the wintry display so you can add your favorite shape and scent of candles and change them out as you please. The centerpiece is decked out with realistic-yet-artificial evergreen branches or foliage for all the ambiance of live greenery, but durable enough for years of continued use. With one of these candle holders at the center of your festive gatherings, you'll have seasons upon seasons of holiday cheer.
