

BLC

LED Center-Basket Troffer

High-Quality Illumination at an Exceptional Value

The BLC troffer delivers soft lighting in a popular center-basket design. As a part of the Lithonia Lighting® BL Family, the BLC design complements the BLT, BLTX, BLTBA and BLTR configurable center basket troffers as well as the BLWP LED wraparound. The slim profile of the fixture, coupled with energy-saving LED technology make BLC an ideal choice for either renovation or new construction.

As the most economical center-basket troffer Lithonia offers, BLC is the perfect choice to complete your space when budget is tight.

Multiple Diffuser Options
