

Lakeland Mill's Product Warranty is as Follows:

Because of our quality control efforts, damaged or defective merchandise is rarely shipped from the factory. Most damage of goods will be the result of shipping damage and thus a claim should be filed with the carrier.

- 1. <u>Shipping Damage</u> MUST be noted on the Bill of Lading at time of delivery and reported to (800) 427-5136 within 24 hours of delivery. Failure to do so will void any claim.
- 2. <u>Concealed Shipping Damage</u> MUST be reported to the delivering freight company IMMEDIATELY. Concealed damages should be handled directly with the delivering freight company.
- 3. <u>Defectives & Shortages</u> MUST be reported to (800) 427-5136 within 14 days of receipt of goods. Failure to do so will void any claim or credit. Lakeland Mills representatives will then determine the proper handling of a claim, depending upon the nature of the problem, by one of the following methods:
 - 1. By replacement.
 - 2. By return for inspection, with credit issued as determined by that inspection.
 - 3. By issuing an order to destroy with proper credit allowed.

Furthermore, our cedar log products are guaranteed to perform free of manufacturing defects for 1 year after the date of purchase. Should they fail to do so, Lakeland Mills will provide any necessary components free of charge to repair a nonfunctional unit.
