step 1

Cut the plastic air compression bags, and take out cushions (A) and (E). Place them on the side for recover to their original shape, the whole process might take up to 48 hours, you may gently slap on them to speed up the process.

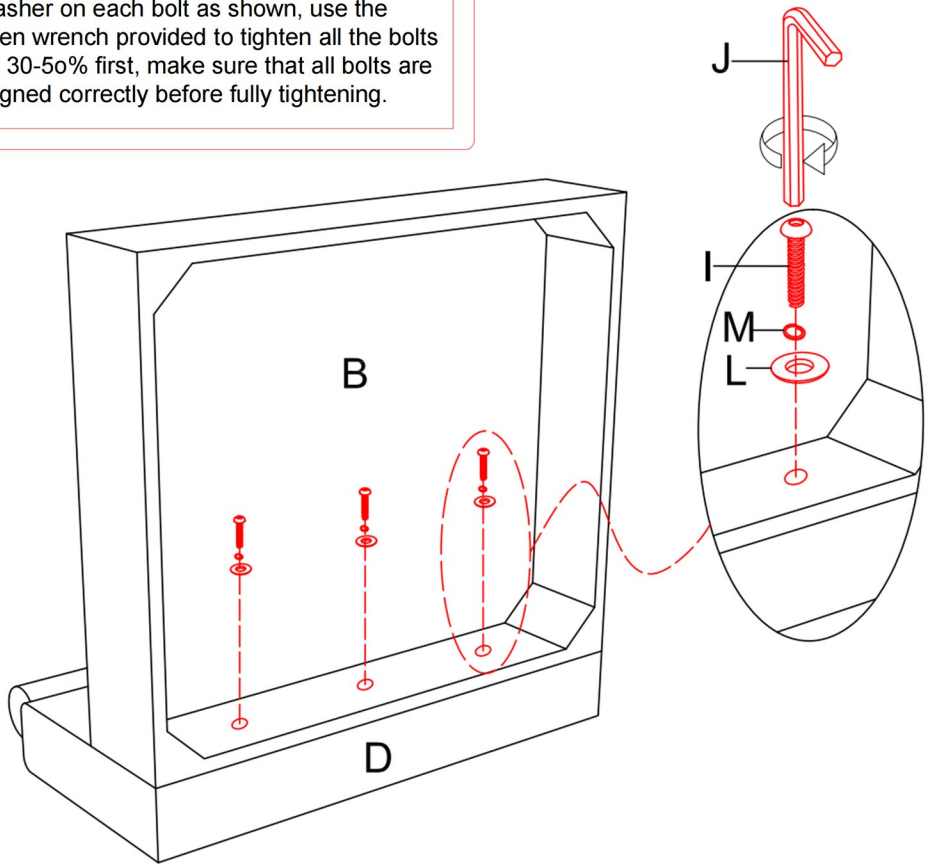

Please exercise caution when opening the packaging to avoid injury or damage to the product.

step 2

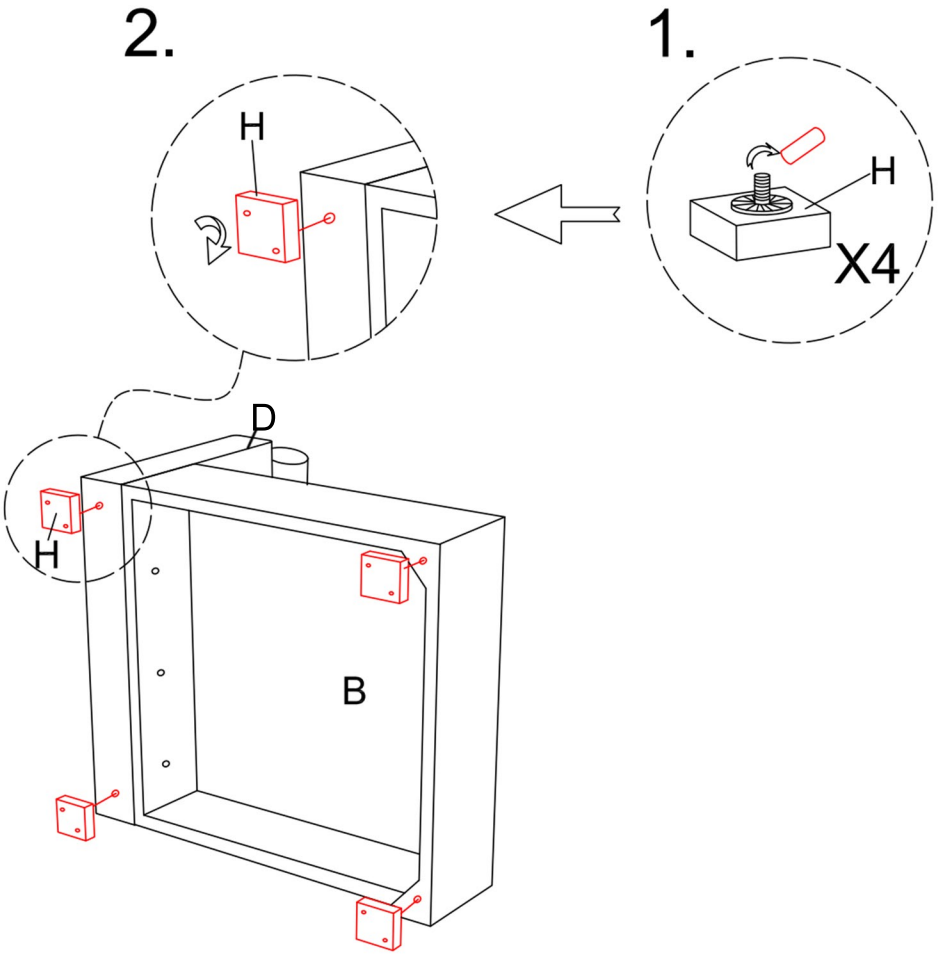

Place the sofa frame (B) on its side as shown, then align the screw holes on the backrest (D) with the holes on the sofa frame. Use the allen wrench (J) provided to tighten all the screws (I), make sure they are all correctly aligned before fully tighten the screws.

First add one flat washer and one spring washer on each bolt as shown, use the allen wrench provided to tighten all the bolts by 30-5o% first, make sure that all bolts are aligned correctly before fully tightening.

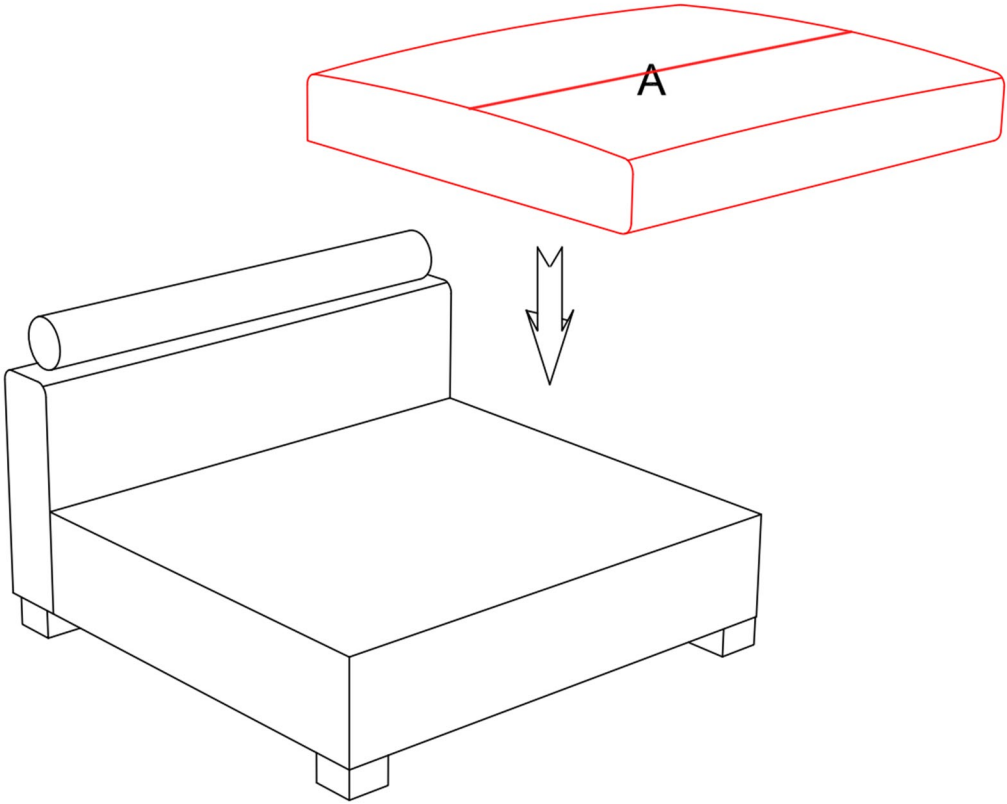

step 3

Remove the plastic caps off the sofa leg screws as shown, then twist in all the legs (H) into each corner of the sofa frame (B&D), make sure they are all tightened.

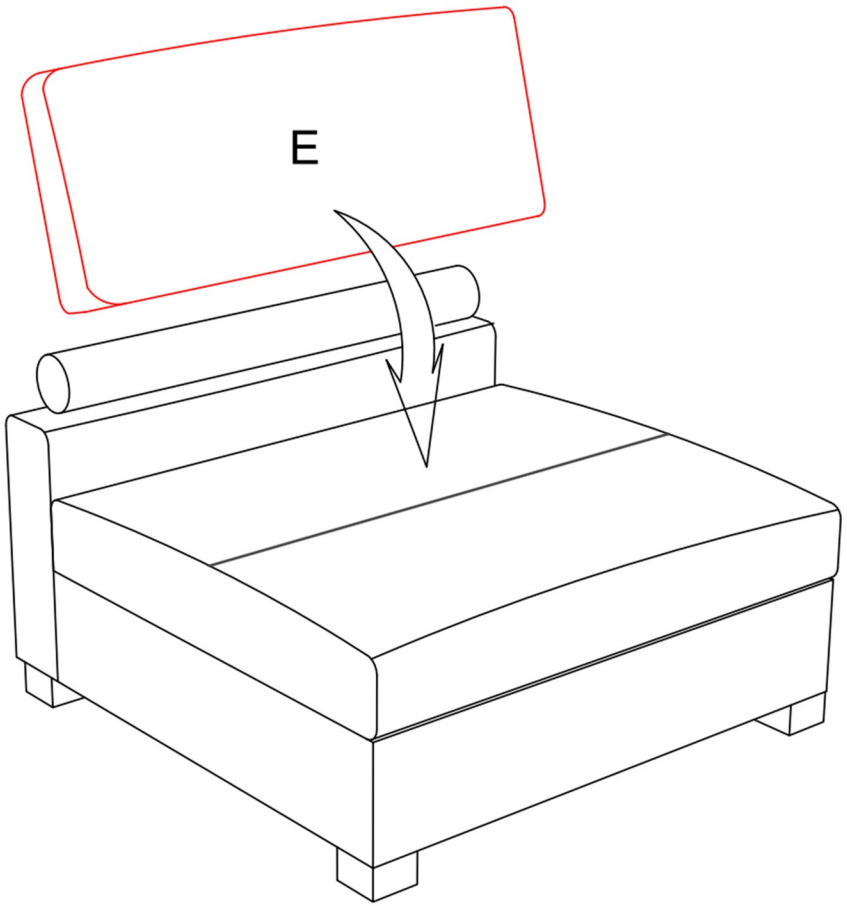

step 4

Place the seat cushion (A) onto the sofa as shown.

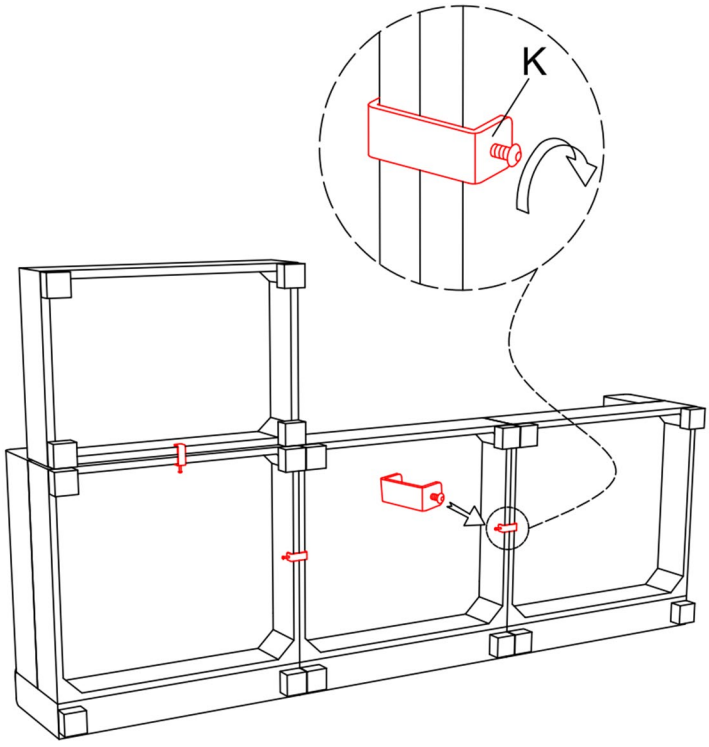

step 5

Place the back cushion (E) onto the sofa as shown.

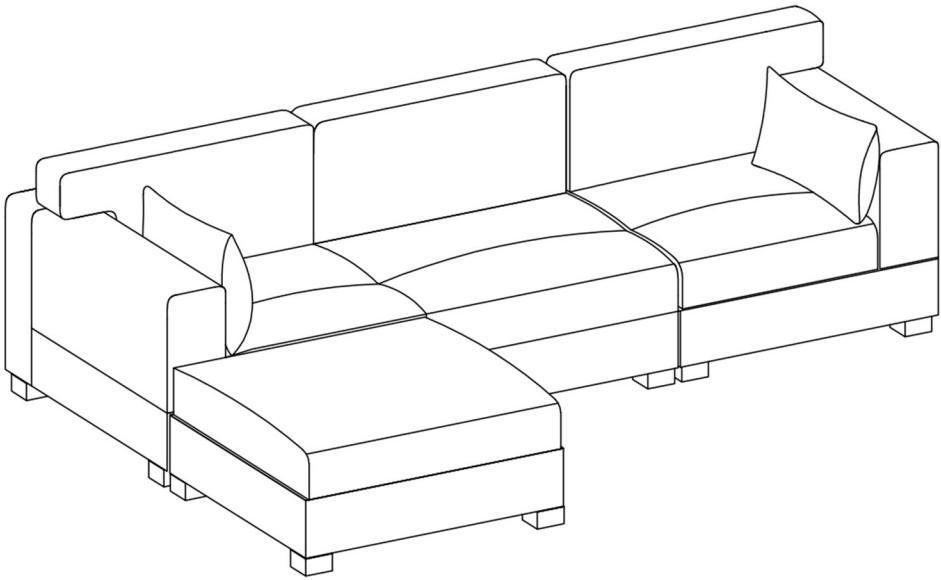

step 6

There is one metal connector (K) inside each package. The metal connector is used to connect sectional sofas together, if you are only using one piece of the sectionals, the connectors will not be used during the assembly. If you want to connect sectionals together, please use the connectors before the headrest is inserted. Place the sectionals upside down on a clean surface, and bring both of the parts as close as possible, make sure both of the parts are aligned, then fix the connector at 40 cm (about 16 inches) away from the front and back edges, then tighten the connector. After both parts are connected, flip them over and insert the headrest.
