

WARNING!!

Furniture Tipping Risk.

Serious risk of severe or fatal crush injuries can occur from furniture tipping over if not secured.

Children like to climb on furniture and Unsecured furniture can pose a serious danger.

Please follow all instructions and install the tip-over restraints provided.

In addition to installing the restraints, to help prevent tip-over:

- 1. Place heaviest items in the lowest drawers,**
- 2. Unless specifically designed to accommodate, do not set TV's or other heavy objects on top of this product,**
- 3. Never allow children to climb or hang on drawers, doors, or shelves,**
- 4. Do no leave drawers open,**
- 5. Never open more than one drawer at a time, and**
- 6. Do not step on the base.**

Assembly Instructions

Caution : You must read this before you proceed

Care & Maintenance

- ⊘  ● Not for commercial use. For residential use only.
- ⊘  ● Do not put hot items directly on furniture surface.
- ⊘  ● Do not clean furniture with harsh cleansers or polish.
- ✓  ● To obtain the longest lifespan of your outdoor products, minimizing exposure to direct sunlight is recommended.
- ⊘  ● Children should not climb or jump on the furniture.
- ⊘  ● Do not write on furniture without a padded barrier to protect the surface.
- ✓  ● To obtain the longest lifespan of your outdoor products, avoid extended and lengthy exposure to rain, snow, and direct sunshine. Whenever possible cover the product and /or place under patio or awnings.
- ⊘  ● Stains may be removed with mild soap solution and damp cloth.
- ✓  ● Dust and pick-up spills using a clean, non-colored, lint-free cloth.

Please look under the Cabinet for hardware pack.

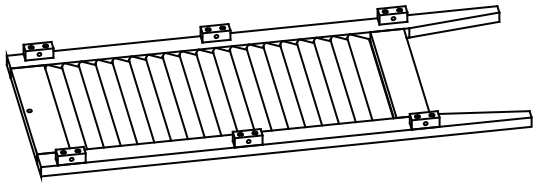

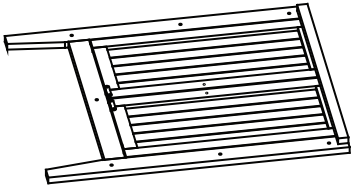

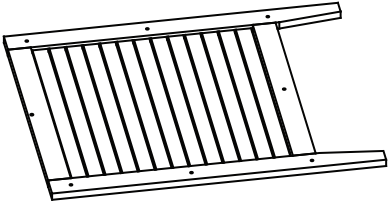

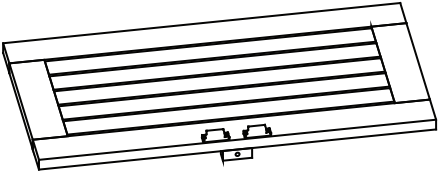

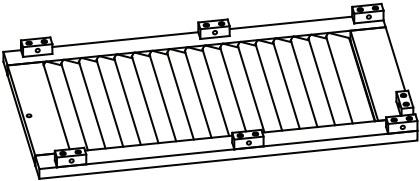

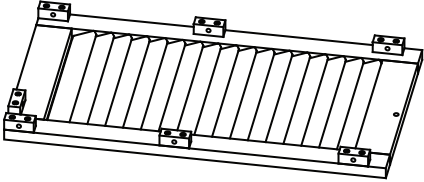

Cabinet

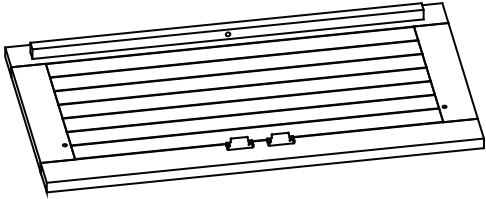

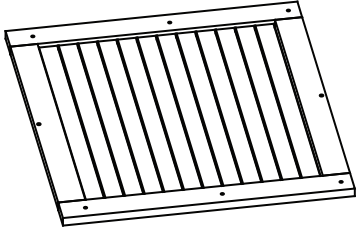

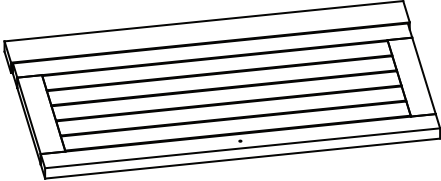

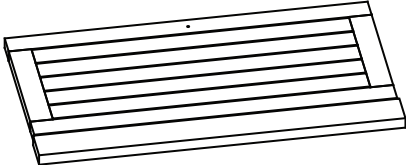

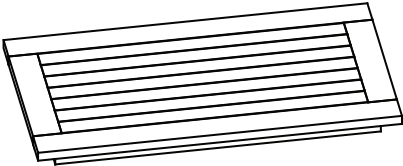

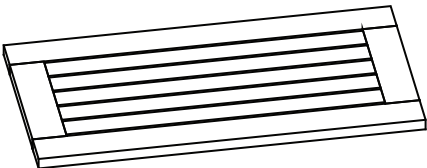

CAUTION : This Cabinet is NOT a TOY. Keep your child / children at bay in the process of assembly.

For turning / flipping the cabinet and to prevent damage to the cabinet, 02 persons may be needed to execute this action.

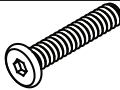

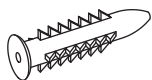

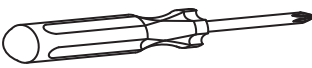

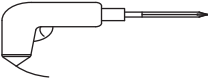

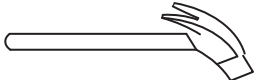

Parts List

- Read instructions, cover to cover.
- Have 2 adults on hand for assembly.
- Do not assemble on flooring or carpet.
- Assemble on a clean non-marring surface (packing foam).
- Save all packaging until finished.

Assembly Steps

OVERVIEW

This Cabinet has multiple parts and may require up to 45 minutes to assemble. To give you an overview of the Cabinet parts, we've provided the above picture to put the various parts in perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

Unpack and place all parts on a clean, non-marring surface.

Step 2

With assistance from your adult partner, please carefully place the panels on a clean surface, scratch-free surface as shown, as shown in the above picture.

Step 2.1: Attach handle (2) to the door frame bottom (B) with bolt (3) using a screwdriver (10) (Not Provided).

Step 2.2 Attach handle (2) to the Top right door frame (I) and top left door frame (J) with bolt (3) using a screwdriver (10) (not provided).

Step 3

From step 2, attach bottom back panel (C) to lower hip cluster (A). Use allen wrench (9) to link the tow bottom back panel with bolts (1).
DO NOT: Fully tighten the bolts.

Step 4

From step 3, using the allen wrench (9), attach lower hip cluster (A) into assembly bottom back panel (C) as shown above by using bolts (1).
DO NOT: Fully tighten the bolts.

Step 5

From step 4, attach bottom panel frame (D) to the assembly in step 4 as shown above by using bolts (1) and allen wrench (9).
DO NOT: Fully tighten the bolts.

Step 6

From step 5, attach door frame bottom (B) to the assembly in step 5, using bolts (1) and allen wrench (9).
DO NOT: Fully tighten the bolts.

Step 7

Stand up the assemble in step 6, then using the allen wrench (9),attach middle frame (G) to the assembly in step 6 as shown above by using Bolts (1).
DO NOT: Fully tighten the bolts.

Step 8

Attach side panel left (E) to the assembly in step 7, using bolts (1) and allen wrench (9).
DO NOT: Fully tighten the bolts.

Step 9

From step 8, attach top back panel (H) to the assembly in step 8 as shown above by using bolts (1) and allen wrench (9).
DO NOT: Fully tighten the bolts.

Step 10

Attach side panel right (F) to the assembly in step 9, using bolts (1) and allen wrench (9).

DO NOT: Fully tighten the bolts.

Step 11

Attach top panel (K) to the assembly in step 10 as shown above by using Bolts (1). **DO NOT:** Fully tighten the bolts.

Step 11

Attach top right door frame (I) to the assembly in step 10, using bolts (1) and allen wrench (9).

DO NOT: Fully tighten the bolts.

Step 12

Attach top left door frame (J) to the assembly in step 11, using bolts (1) and allen wrench (9). Gradually tighten all Bolts and screws until evenly secured.

Step 13

From step 12, rotate the removable shelf (L) to place it inside the cabinet. as shown in the above picture.

Step 14

After step 13, put removable shelf inside the cabinet as shown in the picture.

Step 15

Inspect the cabinet and make sure all parts are adequately connect
Your Cabinet is ready for you.

Cabinet Restraint Device Installation Instruction

WARNING

Serious or fatal crushing injuries can occur from tipping furniture.
To help prevent tip-over: **ALWAYS** secure this furniture to the wall
using Nightstand Restraint Device.
See product instructions for more ways to help prevent furniture tip-overs.

Usage For Cabinet Restraint Device :

To secure the Cabinet against the wall, affix 2pcs Metal Brackets (④) to the wall and to the Cabinet, then use the Self tapping screws (⑥) to connect the Brackets (④) to the wall. Find details as below:

A : Determine the location where the screws should be inserted into the wall.
Mark the point at the same height and length on the wall as shown above.

B : Affix the Plastic Anchor to the wall

Using a Power Drill (11) (not provided), drill a hole in the wall, then insert a Plastic Anchor (7) into the hole using a Hammer (12) (not provided).

Repeat this step to affix the other Plastic Anchor (7) into the wall, as shown above.

C: Affix the L-shaped Metal Bracket (4) to the wall.

Then affix one L-shaped Metal Bracket (4) to the hole in the wall using the Self Tapping Screws (6), Washer (8) and Screwdriver (10) (not provided), as shown above.

Repeat this step to affix the other Metal Bracket (4) to the wall as shown above. height.

D: Move the Cabinet against the wall. Then connect the L-shaped Metal Bracket (④) to Cabinet position in the wall using the Self Tapping Screws (⑤) and Screwdriver (⑩)(not provided), as shown above. The Cabinet Restraint Device is now installed and is ready for use.

Questions & Answers about Proposition 65

- What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals. Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

- What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

- What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

- Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at P65.Questions@oehha.ca.gov, or by phone at (916) 445-6900.
