

## ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Install the loop (g) into the cap (f) and secure with the coupling (e). Install the nipple (d) onto the coupling (e). Install the nipple (d) into the canopy. Place the lock washer (b) onto the top of the nipple (d) and secure with the hex nut (a).
4. Unfold the arms of the fixture body (A).
5. Unravel the supply power and ground wires and pass them through the rods (B), rod (C), cap (D) and canopy (E).
6. Thread the bottom of rod (B) onto the fixture body (A). Repeat the process for remaining rods(B) and rod (C) as shown in the diagram, until snug.
7. Place the cap (D) on top of the rod (C).
8. Install the canopy (E) onto the cap (D) and rod (C).
9. Refer to the additional installation instructions included with the product for wiring and installation.
10. Install proper bulbs (not included) into each socket referring to the markings and/or labels on the fixture for maximum wattage.
11. Restore power to the installation point and retain this sheet for future reference.
