We have provided a set of tipping restraint hardware for this unit, and it is essential to install this hardware to prevent accidents or injuries that may occur if the unit tips over. When correctly installed, this restraint can offer protection against unexpected tipping caused by minor vibrations, impacts, or climbing. We highly recommend attaching this hardware to a wall stud and securing it to your unit for safety.

NOTE: The provided tipping restraint hardware is designed for use with wooden stud wall construction and should be affixed to a wall stud. If your wall construction differs, you may require alternative anchor hardware. Please consult your local hardware store for guidance. It's crucial to be aware that young children are at risk of serious injury from furniture tipping over, so you must install the provided tipping restraint hardware with the unit to prevent accidents or damage. These restraints serve as a deterrent and are not a substitute for responsible adult supervision. It's important to note that the tipping restraints are not designed for earthquake safety. If you wish to enhance security for earthquake situations, separate earthquake restraints must be acquired and installed.

Install The Anti-Tipping Device

1. Mark the wall for reference.

2. Drill two Ø6 holes in the wall.

3. Insert two anchors into the holes.

4. Secure the device to the wall using the provided long screws.

5. Position the cabinet near the wall, aligning the two bases. Attach a nylon tie to ensure a snug fit.

MAINTENANCE AND CARE

Prevent Moisture Damage:

Safeguard your laminate furniture by keeping it in a dry environment. Store the furniture away from damp areas and water sources.

Sunlight Shielding:

Shield your laminate furniture from direct sunlight to prevent color fading and surface deterioration. Consider using curtains or blinds for protection, especially if direct sunlight exposure is unavoidable.

Regular Care:

Maintain your laminate furniture's appearance by gently wiping surfaces with a damp cloth. Avoid using overly wet cloths or abrasive cleaning tools.

Avoid Scratches:

Protect the furniture surface from scratches by refraining from placing sharp or hard objects on it. When moving the furniture, be cautious not to scrape the legs against the floor.

Proper Weight Distribution:

Prevent structural damage by placing heavy objects on stable support surfaces rather than directly on the laminate furniture's surface. This simple step can prolong the life of your furniture.

WARRANTY INFORMATION

Warranty Coverage: Our warranty provides protection against manufacturing defects in materials and workmanship for a specified period from the date of purchase, as outlined in the accompanying warranty documentation.

Exclusions: The warranty does not cover damages resulting from misuse, negligence, accidents, normal wear and tear, unauthorized repairs or modifications, improper assembly, or failure to adhere to the care and maintenance guidelines provided.

MANTENIMIENTO Y CUIDADO

Evite daños por humedad:

Proteja sus muebles laminados manteniéndolos en un ambiente seco. Guarde los muebles lejos de zonas húmedas y fuentes de agua.

Protéjalos de la luz solar:

Proteja sus muebles laminados de la luz solar directa para evitar la pérdida de color y el deterioro de la superficie. Considere el uso de cortinas o persianas como protección, especialmente si la exposición directa a la luz solar es inevitable.

Cuidado regular:

Mantenga el aspecto de sus muebles laminados limpiando suavemente las superficies con un paño húmedo. Evite utilizar paños demasiado húmedos o herramientas de limpieza abrasivas.

Evite los arañazos:

Proteja la superficie del mueble de arañazos evitando colocar objetos afilados o duros sobre ella. Al mover el mueble, tenga cuidado de no raspar las patas contra el suelo.

Distribución adecuada del peso:

Evite daños estructurales colocando objetos pesados sobre superficies de apoyo estables en lugar de directamente sobre la superficie del mueble laminado. Este sencillo paso puede prolongar la vida de sus muebles.
