Note: Technical data and performance information provided for reference only.

Specifications are subject to change. Check the rating label on the ice maker for the most accurate information.

* The actual quantity of ice produced in a 24hour period will vary with room and water conditions.

Notes on ice storage

The ice maker will automatically shut off when the ice bin is full. The ice bin compartment is insulated, but not refrigerated and the ice in the bin will slowly melt and the water will be reused. Once enough of the ice has melted, the ice maker will automatically start making more ice.
