

LIFETIME WARRANTY

EZ Snap™ Covers have a lifetime warranty against rust. Our EZ Snap™ covers are made of 20-Gauge galvanized steel, the thickest in the industry, which is then epoxy powder coated and oven baked (our galvanized is mill finished, not painted). EZ Snap™ Covers have a lifetime warranty against rust to the original purchaser for as long as they own the property and the covers have not been modified or damaged in any way. If they rust, send them back and we will replace them. Call 866-740-0005 for a RMA.
