Completed table:

**Care:**

Use a microfiber cloth or a disposable electrostatic duster to remove dust.

Use a paper towel or soft cloth to blot away liquid spills and condensation from drinks immediately.

Wipe away the mess and immediately use a dry microfiber cloth to dry the wood and restore it back to its original finish.

**Special Note:** It is our goal to provide as color-consistent a product as wood and its natural imperfections will allow; color and finish will be affected by the wild or coarse grain variations between different pieces of wood (i.e., the same stain or finish applied to two pieces of the same wood species may result in somewhat different appearances).

**Warning:** DO NOT sit or stand on the table as this may damage the product and cause serious bodily injury.
