

WARRANTY POLICY OF THC S.A.

This warranty policy of THC S.A applies to the various fittings and pipe branded Flair-It, Flair-It Pro Manifolds, PEXLock, FLAIR-IT FLEX and EcoPoly.

Warranty contents

THC provides the warranty for various fittings and valves in this policy; term conditions and exclusions as below.

Fittings and valves

THC warrants for 25 years from the date the pipe, fittings and valves shipped out of factory when operating within allowable pressure and liquid, heat transfer liquid leakages result from manufacturing defect. THC has responsibility to provide free defective components of fittings or valves. THC is not responsible to provide repair or labor for other damage not related with product manufacturing.

Warranty policy excludes:

1. Fittings working with T^º and pressure, higher than indicated in ASTM F 877
2. Valves working with T^º and pressure, higher than indicated in ASME A112.18.1 / CSA B125.1
3. Pressure controller booster pump as water supply for fittings and valves in defects.
4. Using corrosive liquid in and over the products
5. Products are not used for original purpose
6. Damage or breaking by installation over tightening or over strenght in manipulation (didn't used appropriate tools)
7. Damage from transportation, handling, shipping or natural disaster.
