Faucet Filter

Filtro del grifo

This Filter has a 50 mesh screen to clear debris from your water. It is required for well usage, and we recommend using it with Drippers.

Convierta fácilmente un aspersor o cabezal con boquilla de PVC de ½" (1.3 cm) en un sistema de riego de bajo volumen colocando goteros o micro aspersores a la salida estriada de ¼" (0.6 cm).

- Features a removeable filter screen for easy cleaning

1
Install by Threading
this Filter onto the
Backflow Valve or
Pressure Regulator.

2
To clean, unthread
the cap, remove the
filter screen and rinse
thoroughly.

This Filter is ideal for use with Drippers and with systems using well water to irrigate. It will help keep your system debris and clog free.

Con este convertidor, puede disminuir significativamente el consumo de agua debido a que los microaspersores, los goteros y las tuberías de goteo en línea riegan su jardín más eficazmente.
