To whom it may concern,

In order to comply with California's Safe Drinking Water and Toxic Enforcement Act of 1986 ("Proposition 65"), POLYWOOD is required to provide warnings to Californians regarding significant exposures to chemicals that may cause cancer, birth defects, or other reproductive harm.

Our product and materials have been reviewed with internal controls and information provided to us by our suppliers. It is determined our Fire Pit Table products require the following label on all products containing steel gas burners being sold in the state of California:

WARNING: This product can expose you to chemicals including lead which is known to the State of California to cause cancer or birth defects or other reproductive harm. For more information, visit www.P65Warnings.ca.gov

If the item is being shipped to California from our warehouses, POLYWOOD applies the above label on each product that contains stainless steel gas burner components. For additional information, please refer to www.p65warnings.ca.gov. Please note that this warning does not apply to any other POLYWOOD product except Fire Pit Tables that contain a stainless-steel gas burner.

Thank you,

POLYWOOD Brand Compliance
