3 Light Flush Mount

The perfect addition to the contemporary home, Grove is a modern, industrial-inspired design with mixed elements. Screening the light source, individual shade panels feature natural wicker in a woven Dutch pattern. Connections at the tops of the angular arms allow the wicker panels to hang with the appearance of being suspended in the air. Install this damp-rated fixture throughout your home. The two-tones, mixed materials, and smooth matte black finish provide a versatile, highly adaptable look suitable for most decors.
