Care And Maintenance

DIP Self-Adhesive Tiles make simple kitchen and bath renovations not only beautiful but above all, excitingly doable. They're fun to install, easy to care for, and beautiful to live with.

Fun to install!

Because of our Proprietary Lightweight Vinyl Technology, you can use a utility knife to cut or trim pieces. Therefore, no power tools, toxic glues, or grout are necessary. A pencil, box cutter, and ruler are all it takes to reface over existing tile, wallpaper, mirrored walls, or sheetrock. All you do is score, bend, and snap. Then peel, stick, and you're done! You're only mess are leftover peels.

Easy to care for!

DIP Tiles are water, moisture, steam, and heat resistant because they are specially designed for kitchen and bathroom environments. Dust or clean lightly with a damp rag. Our exclusive Heavyweight Self-Adhesive System comes with a 20-year warranty. Consequently, they're easy to clean and keep clean. These qualities prolong the beauty of our products for decades.

Beautiful To Live With!

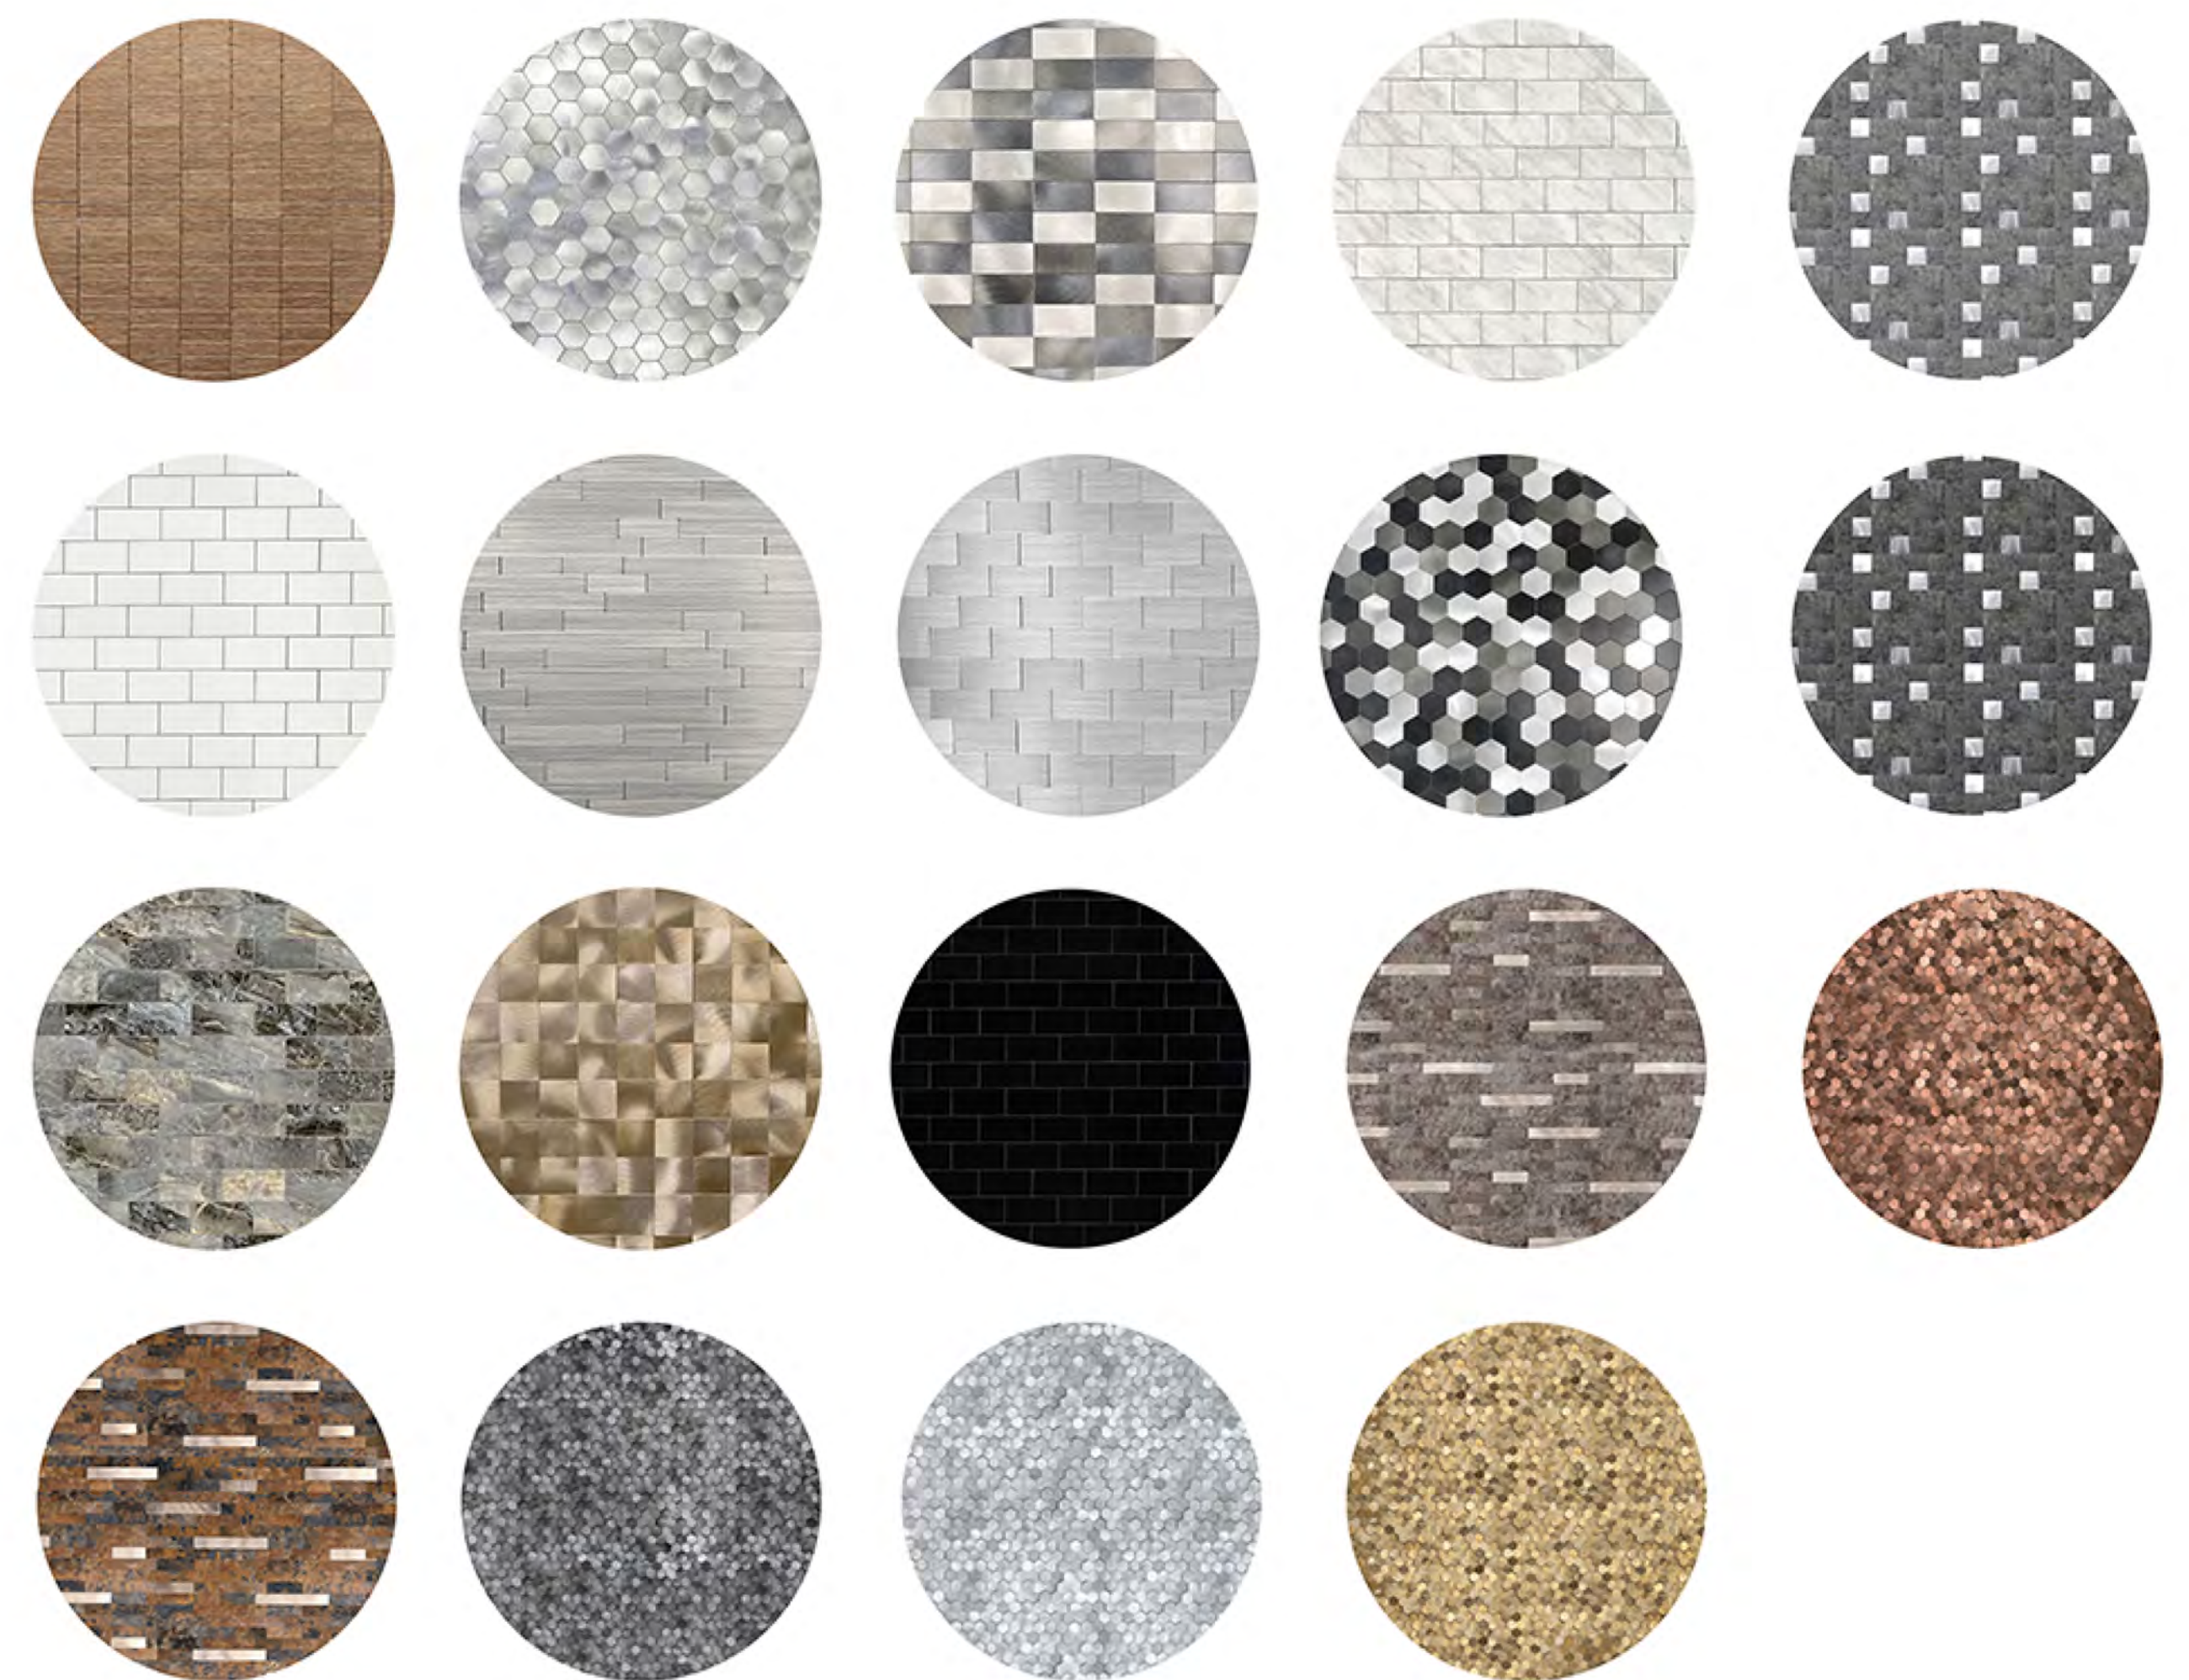

Our products look and feel rich and luxurious because of our multi-dimensional color, rich patterns, and realistic finishes. While they are designed for bathroom and kitchen tile backsplashes, they are also perfect for accenting the back of cabinets, bookshelves, and fireplace surrounds.

* Multi-dimensional colors, patterns, and finishes

* Heavyweight Self-Adhesive System comes with a 20-year warranty

* Splash, moisture, steam, and heat resistant! Up to 190 Fahrenheit!
