

1. Identification

| Product identifier | KILZ 1-Part Epoxy Concrete & Garage Floor Paint - Silver Gray | | |
|--|--|--|--|
| Other means of identification | | | |
| Product number | L3776 | | |
| Recommended use | Architectural Coating | | |
| Recommended restrictions | None known. | | |
| Manufacturer/Importer/Supplier/ | Distributor information | | |
| Supplier | Masterchem Industries LLC | | |
| | 3135 Old Highway M | | |
| | Imperial, MO 63052-2834 | | |
| Telephone | 636-942-2510 | | |
| Emergency telephone | +1 760 476 3962 | | |
| | +1 866 519 4752 | | |
| Access code | 335213 | | |
| 2. Hazard(s) identification | | | |
| Physical hazards | Not classified. | | |
| Health hazards | Not classified. | | |
| OSHA defined hazards | Not classified. | | |
| Label elements | | | |
| Hazard symbol | None. | | |
| Signal word | None. | | |
| Hazard statement | The mixture does not meet the criteria for classification. | | |
| Precautionary statement | | | |
| Prevention | Observe good industrial hygiene practices. | | |
| Response | Wash hands after handling. | | |
| Storage | Store away from incompatible materials. | | |
| Disposal | Dispose of waste and residues in accordance with local authority requirements. | | |
| Hazard(s) not otherwise classified (HNOC) | None known. | | |
| Supplemental information | None. | | |

3. Composition/information on ingredients

Mixtures

| Chemical name | | CAS number | % |
|-----------------------|--|-----------------------------------|---------------|
| Titanium dioxide | | 13463-67-7 | 3 - 7 |
| Barium sulfate | | 7727-43-7 | 1 - 5 |
| Composition comments | All concentrations are in percent by weight un percent by volume. The manufacturer has claimed the exact perc Communication Standard. | | |
| 4. First-aid measures | | | |
| Inhalation | Move to fresh air. Call a physician if symptom | ns develop or persist. | |
| Skin contact | Wash off with soap and water. Get medical a | ttention if irritation develops a | and persists. |
| Eye contact | Rinse with water. Get medical attention if irrit | ation develops and persists. | |

| Ingestion | Rinse mouth. Get medical attention if symptoms occur. |
|--|--|
| Most important symptoms/effects, acute and delayed | Direct contact with eyes may cause temporary irritation. |
| Indication of immediate medical attention and special treatment needed | Treat symptomatically. |
| General information | Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. |
| 5. Fire-fighting measures | |
| Suitable extinguishing media | Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2). |
| Unsuitable extinguishing media | Do not use water jet as an extinguisher, as this will spread the fire. |
| Specific hazards arising from the chemical | During fire, gases hazardous to health may be formed. |
| Special protective equipment and precautions for firefighters | Self-contained breathing apparatus and full protective clothing must be worn in case of fire. |
| Fire fighting equipment/instructions | Move containers from fire area if you can do so without risk. |

Specific methodsUse standard firefighting procedures and consider the hazards of other involved materials.General fire hazardsNo unusual fire or explosion hazards noted.

6. Accidental release measures

| Personal precautions, protective equipment and emergency procedures | Keep unnecessary personnel away. For personal protection, see section 8 of the SDS. |
|---|---|
| Methods and materials for | This product is miscible in water. |
| containment and cleaning up | Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water. |
| | Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination. |
| Environmental precautions | Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS. Avoid discharge into drains, water courses or onto the ground. |

7. Handling and storage

Precautions for safe handlingObserve good industrial hygiene practices.Conditions for safe storage,
including any incompatibilitiesStore in tightly closed container. Store away from incompatible materials (see Section 10 of the
SDS).

8. Exposure controls/personal protection

Occupational exposure limits

US. OSHA Table Z-1 Limits for Air Contaminants (29 CFR 1910.1000)

| Components | Туре | Value | Form |
|--------------------------------------|----------|----------|----------------------|
| Barium sulfate (CAS 7727-43-7) | PEL | 5 mg/m3 | Respirable fraction. |
| | | 15 mg/m3 | Total dust. |

| Density | 9.91 lb/gal |
| Explosive properties | Not explosive. |
| Oxidizing properties | Not oxidizing. |
| VOC | 16 (including water)(Material) 48 (excluding water)(Coating) |
| 10. Stability and reactivity | |
| Reactivity | The product is stable and non-reactive under normal conditions of use, storage and transport. |
| Chemical stability | Material is stable under normal conditions. |
| Possibility of hazardous reactions | No dangerous reaction known under conditions of normal use. |
| Conditions to avoid | Contact with incompatible materials. |
| Incompatible materials | Strong oxidizing agents. |

No hazardous decomposition products are known.

11. Toxicological information

Hazardous decomposition

products

Information on likely routes of exposure

| Inhalation | Prolonged inhalation may be harmful. | | |
|--|--|--|--|
| Skin contact | Prolonged skin contact may cause temporary irritation. | | |
| Eye contact | Direct contact with eyes may cause temporary irritation. | | |
| Ingestion | Expected to be a low ingestion hazard. | | |
| Symptoms related to the physical, chemical and toxicological characteristics | Direct contact with eyes may cause temporary irritation. | | |

Information on toxicological effects

| Not expected to be acutely toxic. | |
|-----------------------------------|----------|
| Species Test Results | |
| | |
| | |
| | |
| Rat | 307 g/kg |
| | Species |

| Components | Species | Test Results | |
|---|---|---|--|
| Titanium dioxide (CAS 13463-67-7 | 7) | | |
| <u>Acute</u> | | | |
| Inhalation | | | |
| LC50 | Rat | 3.43 mg/l, 4 Hours | |
| Oral | | | |
| LD50 | Rat | > 5000 mg/kg | |
| Skin corrosion/irritation | • | nay cause temporary irritation. | |
| Serious eye damage/eye irritation | Direct contact with eyes | may cause temporary irritation. | |
| Respiratory or skin sensitizatio | n | | |
| Respiratory sensitization | Not a respiratory sensitiz | zer. | |
| Skin sensitization | This product is not expe | cted to cause skin sensitization. | |
| Germ cell mutagenicity | No data available to indi mutagenic or genotoxic. | No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic. | |
| Carcinogenicity | Inhalation of titanium dic product, inhalation of du | xide dust may cause cancer, however due to the physical form of the st is not likely. | |
| IARC Monographs. Overall | Evaluation of Carcinoger | nicity | |
| Titanium dioxide (CAS 13 NTP Report on Carcinogens | | 2B Possibly carcinogenic to humans. | |
| Not listed. | | | |
| OSHA Specifically Regulate Not listed. | ed Substances (29 CFR 1 | 910.1001-1053) | |
| Reproductive toxicity | This product is not expe | cted to cause reproductive or developmental effects. | |
| Specific target organ toxicity - single exposure | Not classified. | | |
| Specific target organ toxicity - repeated exposure | Not classified. | | |
| Aspiration hazard | Not an aspiration hazard | l. | |
| Chronic effects | Prolonged inhalation ma | y be harmful. | |
| 12. Ecological information | ו | | |
| Ecotoxicity | The product is not classi | fied as environmentally hazardous. | |
| Persistence and degradability | No data is available on t | he degradability of any ingredients in the mixture. | |
| Bioaccumulative potential | No data available. | | |
| Mobility in soil | No data available. | | |
| Other adverse effects | The product contains vo potential. | latile organic compounds which have a photochemical ozone creation | |
| 13. Disposal consideration | ns | | |
| Disposal instructions | | spose in sealed containers at licensed waste disposal site. Incinerate the d conditions in an approved incinerator. | |
| Local disposal regulations | Dispose in accordance v | vith all applicable regulations. | |
| Hazardous waste code | The waste code should disposal company. | be assigned in discussion between the user, the producer and the waste | |
| Waste from residues / unused products | | e with local regulations. Empty containers or liners may retain some naterial and its container must be disposed of in a safe manner (see: | |
