

# CARE TIPS AND GENERAL INFO FOR: ANNUAL FALL MUMS

---

## EXPOSURE:

PART SUN-FULL SUN

## POLLINATOR:

ATTRACTS BEES, BIRDS,  
AND BUTTERFLIES

## BLOOMTIME:

LATE SUMMER- FIRST FROST  
Blooms of various colors will  
cover neatly mounded habits.

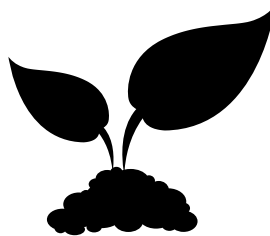

## WATERING NEEDS:

### REGULAR

Mums do not like to be dry.  
Keep them well watered in  
order to extend the flowering  
timeline.

## SOIL TYPE:

RICH, WELL DRAINING SOIL  
Replant your mums as soon as  
you bring them home. Be sure to  
loosen the rootball.

## FERTILIZER:

### LIQUID

Twice a month, use a general  
annual flowering liquid  
fertilizer to keep the foliage  
green and the blooms vibrant.
