

RAISED GARDEN BED

4' x 4'

1 LEVEL KIT CONTAINS:

2 LEVELS KIT CONTAINS:

Layout your timbers along the borderline and connect each timber together by inserting the top of the stake through the bracket loops with the stake pointing to the sky. This enables you to freely position your border to get your desired location.

Tools needed: Hammer (to tap stake in place), Hackshaw (optional)

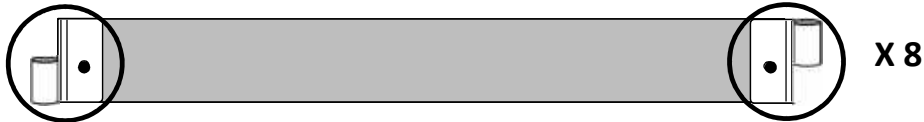

ASSEMBLY INSTRUCTIONS

STEP 1:

For one level, assemble 4 x Doubled-Bracket Timbers (A)

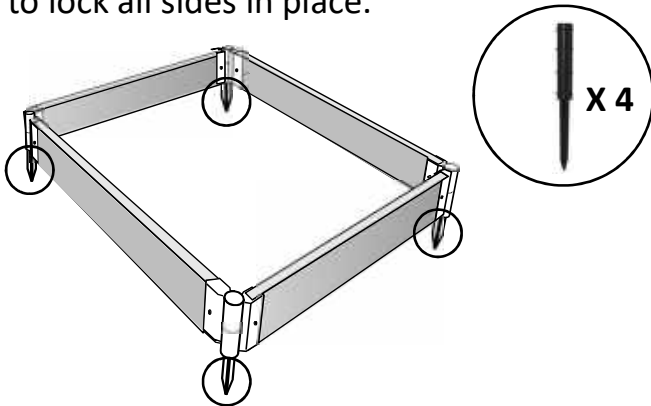

For two levels, assemble 8 x Doubled-Bracket Timbers (A)

Attach one single stacking bracket to each end of timbers (one facing up, one facing down – shown above)

STEP 2: Layout the base level of your raised garden in a straight square shape, using 4 (A) timbers. Insert Stake through the hole of the bracket and into each of the corners to lock all sides in place.

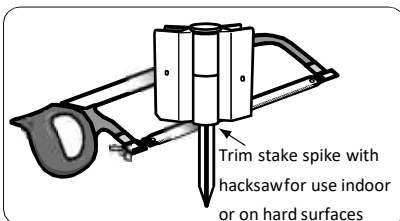

STEP 2a: For one level, add caps to each of the top corner joints to finish off the raised garden and plugs to cover the holes on both side of timbers.

HAPPY GARDENING!

Use plugs (included) to cover the holes on both side of timbers

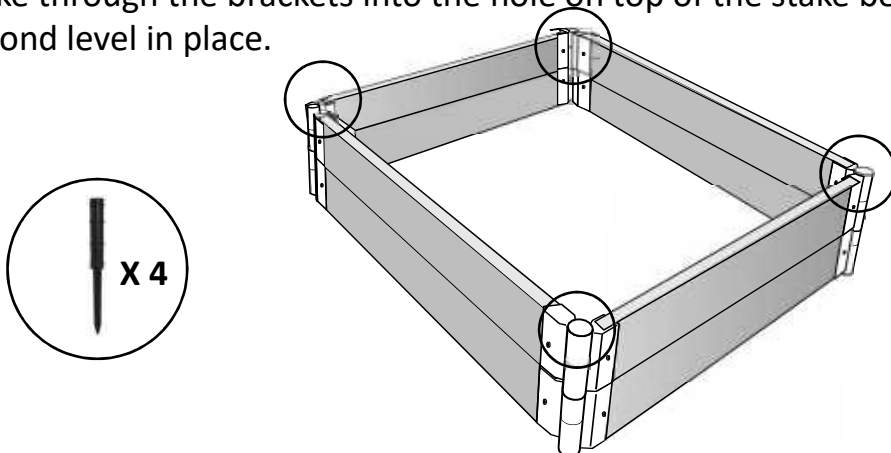

Note:

If you plan to assemble raised bed on a hard surface, use hacksaw to remove the spike of each stake. Use these cut down stakes for the base level only of your raised garden.

ASSEMBLY INSTRUCTIONS – *For Product with Second Level only*

STEP 3: For the second level, use 4 (A) timbers and the stacking stakes. Insert one stake through the brackets into the hole on top of the stake beneath it to lock the second level in place.

STEP 4: Add the caps to each of the top corner joints and plugs to cover the holes on both side of timbers.

How the Joints Work
