

# EASY CLIP SOFT CLOSE

1. Easy Clip Soft Close attachment discretely hidden behind track

## Feature & Benefits

Acme's universal **Easy Clip Soft Close** attachment is designed to install quickly and discreetly onto most flat track barn door hardware kits. This patent pending low profile attachment is hidden behind the track and can be easily installed in minutes to any new or previously mounted barn door kit. The first attachment of its kind attaches on both ends of the track for smooth travel and effortless open and close functionality.

Easily install soft close functionality to your existing inventory of flat track single, bypassing or bi-parting hardware kits and eliminates the need to carry additional inventory. The **Easy Clip Soft Close** comes in 4 door weight configurations to ensure proper open and close on doors of varying weights.

- The low profile **Easy Clip Soft Close** is concealed behind the track and does not affect the look of your hardware
- Kit includes 2 **Easy Clip Soft Close** attachments for both ends of your track to open and close quietly and effortlessly
- Installs in minutes to most flat track barn door kits. Mounts directly to your previously installed hardware

ACME is a leader in the industry of Systems and Hardware (sliding, bi-fold and pocket door), ACME – a brand of Renin – currently manufactures and provides hardware systems to a large base of fabricators as well as retailers.
