

DEWALT

DEWALT'S FIRST 20V MAX* XR® 3X21 IN. CORDLESS BELT SANDER

DCW220B 20V MAX* XR® BELT SANDER (TOOL ONLY)

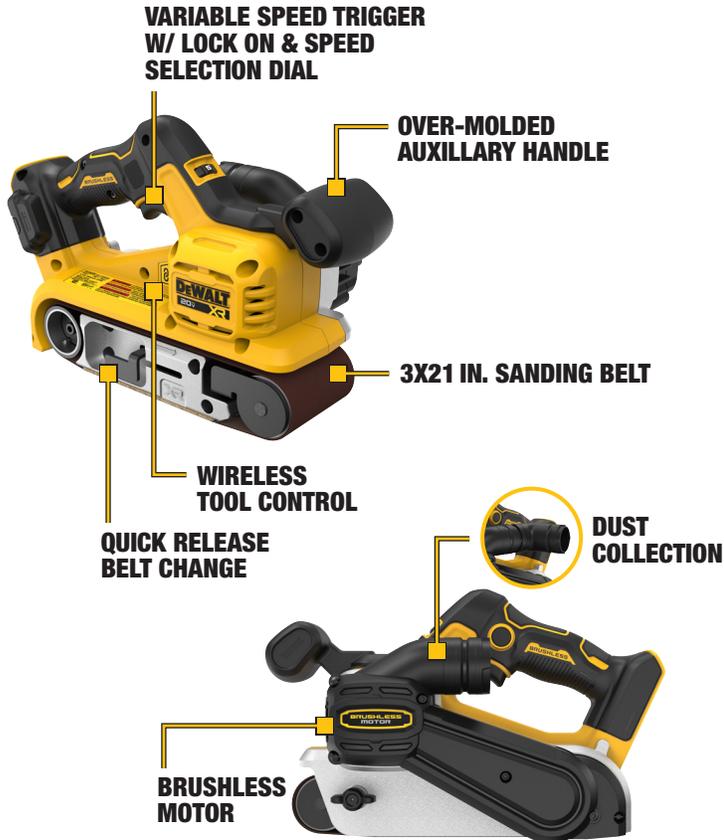

Designed with the professional in mind DEWALT's First 20V MAX* XR® 3X21 in. Cordless Belt Sander is ideal for carpentry, remodeling, and general contracting. The variable speed trigger with lock on & speed selection dial allows for ultimate speed and application control with 25 speed increments. The quick-release belt change allows sand paper to be changed easily. With the over-mold auxiliary handle it gives you two-handed operation and better grip for an easier scribing application. The dust collection feature with included adapter, tool-free dust chute is compatible with DEWALT's Airlock™ system or a standard 35 mm dust extractor to minimize dust during sanding. Wireless Tool Control™ allows for ease of use when paired with compatible DEWALT vacuum or dust extractor. With the Brushless Motor you can achieve increased runtime and efficiency. Lastly, the 3X21 in. platen allows for larger surface area sanding.
