

Van Zyverden's **HONEYSUCKLE PINK**

Everyone recognizes the sweet fragrance of a trumpet-shaped honeysuckle (*Lonicera*) flower, making it a great addition to any garden or landscape. It draws in much wildlife with its yellow to bright red blossoms. This beauty grows in nearly every state in the US. Because of its versatility and abundance, growing and caring for them is easy. Honeysuckles can be grown as a ground cover but do best grown on a sturdy fence, post or trellis. NOTE: What we ship is two year old ROOT STOCK, ranging 12-18 inches in height and is not a fully grown foliated potted plant.

*Returns year after year,
with or without care*

*Sweetly fragrant
and heat tolerant,
nearly indestructible*

*Draws abundant wildlife
into the garden*

About This Variety: They can also be grown in containers or in a large hanging basket. Using a standard item in an unusual way can really make this plant special.

Growing Instructions: Dig a hole about a foot deep and a foot wide. Set the plant in the hole and fill it half full with soil. Water. After water is drained, fill the rest of the hole with the remaining soil. Then water thoroughly again and continue doing so regularly. Fertilization may be necessary.

Care Tip: Regular shearing and shaping will keep this vine under control and within its boundaries. Prune when the plant is dormant in fall or winter.

Exposure: Full sun to some shade

Height: Grows 10-20' tall

Spacing: Plant- 2-3' apart, crown at soil level

Hardy in: USDA zones 4-9

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
