

Introducing the SharkBite® EvoPEX® Street Tee

Stack street tees together
with reducing EvoPEX
tees and elbows

Street tees can be
rotated after assembly for
opposing water lines

Customizable for
almost any installation
application

Green visual indicator
for assurance of proper
connection

	DESCRIPTION	QTY		DESCRIPTION	QTY
K4483WP3	3/4" X 3/4" X 1/2" Street Tee (3 PK)	3	K454WP6	3/4" X 1/2" X 1/2" Reducing Tee (6PK)	6
K412WP6	3/4" X 3/4" X 1/2" Reducing Tee (6PK)	6	K274WP6	1/2" x 3/4" Reducing Elbow (12PK)	6

The maximum number of street tees that can be joined together is based on sizing requirements of the code. For the 3/4" x 3/4" x 1/2" street tee the maximum WSFU that can be fed off of the 3/4" trunk line is limited to the requirements in the code based on available pressure, total developed length, residual pressure requirements and water supply fixture unit load.
