**FEATURES & BENEFITS****KEEP YOUR KITCHEN CLEAN AND PROTECT YOUR INVESTMENT:**

Cooking fumes are one of the biggest causes of grease and stains in your kitchen. If you've ever seen sticky, yellowish spots on your cabinets, you know what we're talking about.

ONYX BLACK GLASS PANEL:

The glass front panel adds a touch of contrast to the oven range hood. The onyx black feels luxurious and perfectly complements the wall mount range hood's canopy design to make a statement.

ELEGANT DESIGN MAKES A STATEMENT:

Why settle for a range hood wall mount that's less

than eye-catching? Stainless steel, tempered glass, and onyx black panels create a sleek, timeless look. The wall mount design maximizes space, making it ideal for even small kitchens.

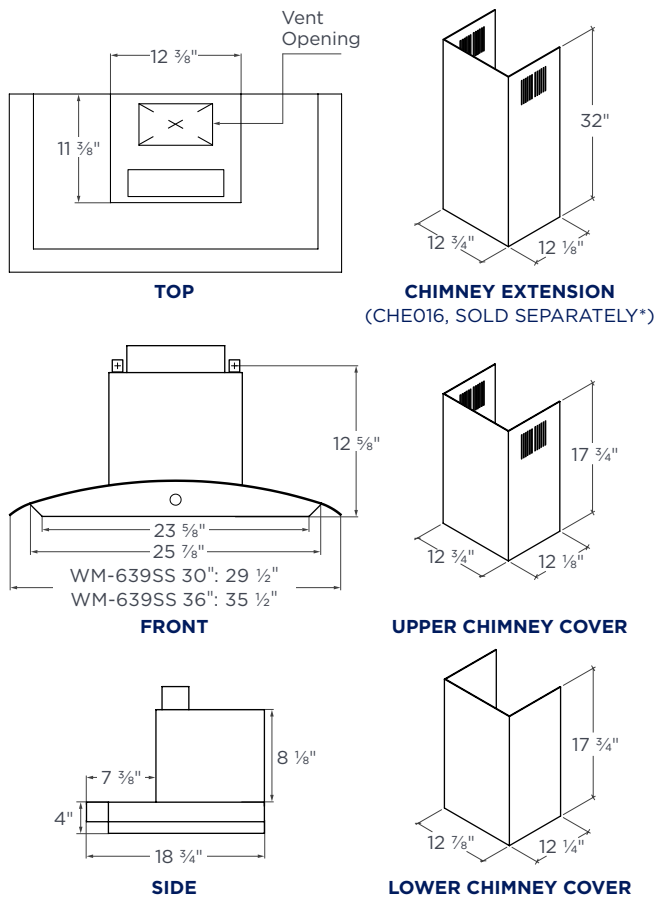

PERFECT FOR HIGH CEILINGS:

Got high ceilings? You're in luck! The wall mount range fits kitchens with up to 10-foot ceilings with our extension (CHE016, sold separately).

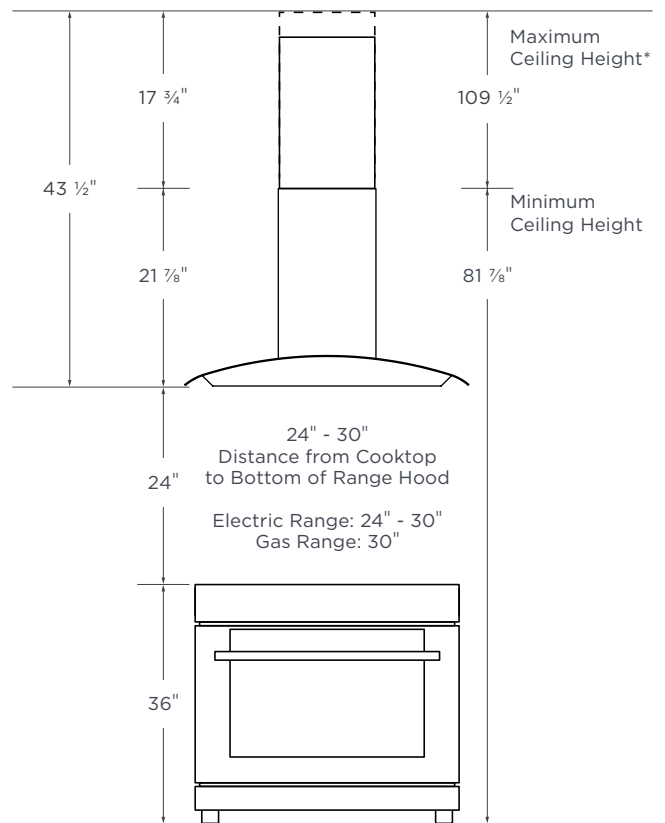

EASILY CONVERT TO DUCTLESS:

This range hood fits 6" duct or can be converted to ductless with a pair of effective charcoal filters (CFI010, sold separately). These filters trap grease particles from fumes and deodorize cooking smells.
