Looking for tile that stands up to family life while staying effortlessly beautiful?

STAINMASTER® floor and wall tile offers the perfect balance of style, durability, and easy maintenance. It features an antimicrobial technology that provides up to 99% product protection¹ and a matte surface that offers 50% more slip resistance than ordinary tile² making it ideal for moisture-prone areas such as:

- Kitchens
- Baths
- Mudrooms
- Laundry Rooms

With classic designs inspired by natural stone, wood, and marble, STAINMASTER® tile makes it easy to create a family home that's as practical as it is stunning. Explore our curated selections to find the perfect tile for your next project.

¹ Information is based on test results using ASTM E3031-15. Antimicrobial technology used on STAINMASTER tile is not designed to replace good cleaning practices or to protect users from disease-causing bacteria.

² When compared to tiles that meet a DCOF < 0.

The Heart of Your Home

Is your kitchen designed for life's everyday moments?

Your kitchen isn't just a place to cook — it's where life happens. From butter melting off a stack of pancakes to little feet racing in for snacks — even the occasional spilled juice box is part of the fun.

Our tiles are thoughtfully designed to combine style and functionality, so handling everyday messes is simple. They resist stains, spills and splashes, making cleaning effortless, while the antimicrobial product protection keeps surfaces cleaner for longer. Choose from elegant wall and floor tiles in marble, wood and stone looks. With a rich palette of soft neutrals and bold tones, you can mix and match textures, colors, and styles to create a kitchen that's as beautiful and unique as the moments shared in it.
