

Kingsman Hairpin Metal Table Leg – Installation Manual

Tools Required:

- Power drill or screwdriver
- Measuring tape
- Pencil or marker
- Screws (included)
- Level (optional but recommended)

Parts Included:

- 4 × Hairpin Table Legs
- 16 × Mounting Screws
- (Optional) Floor Protectors or Pads

• Position the Legs

- Flip your tabletop upside down on a soft surface.
- Decide where you want to mount the legs (usually 1"–2" in from the corners).
- Place a leg bracket on each corner or desired location.

• Mark the Holes

- Use a pencil or marker to trace the screw holes through the mounting plate.

• Drill Pilot Holes (Optional but Recommended)

- Use a 1/8" drill bit to make shallow pilot holes to prevent wood splitting.

• Attach the Legs

- Align the mounting plate with the pilot holes.
- Insert screws and tighten using a screwdriver or drill.

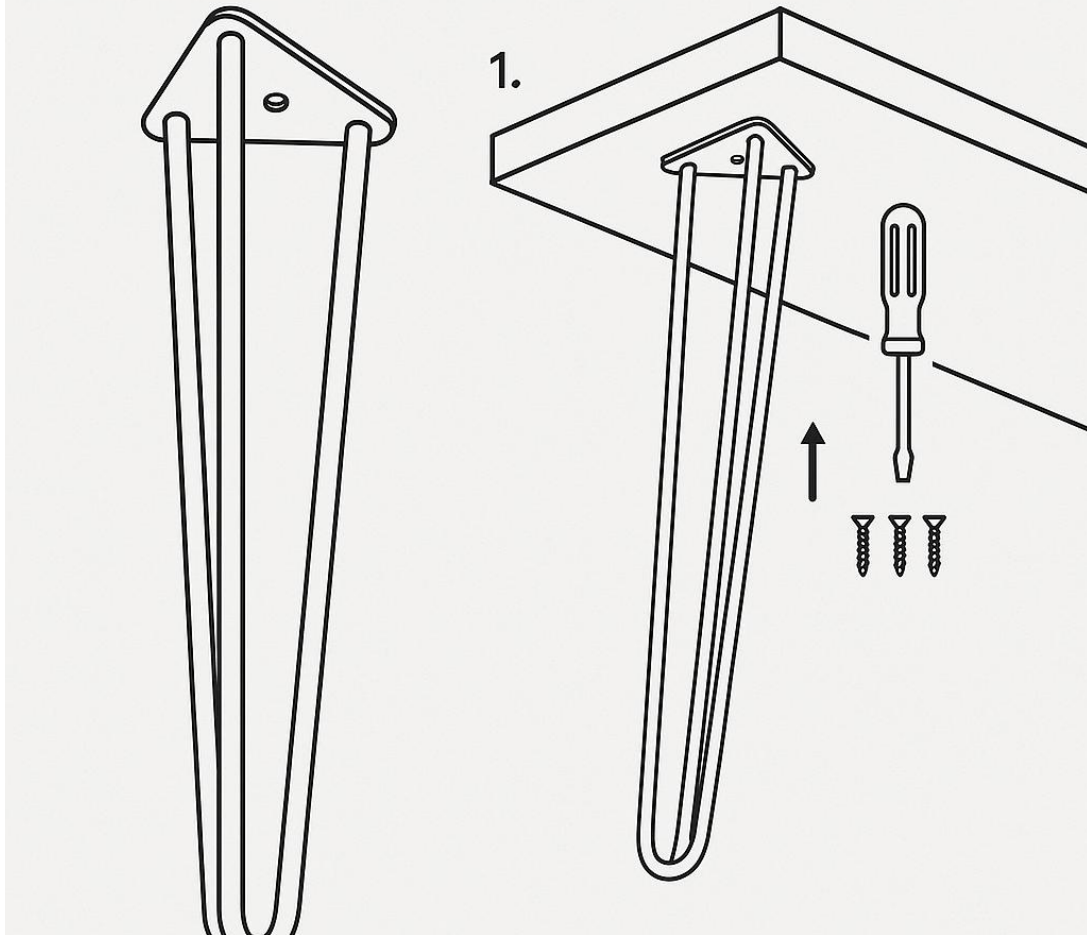

• Check for Stability

- Once all legs are attached, carefully flip the table upright.
- Ensure the legs sit evenly and adjust placement if necessary.

• Apply Floor Pads (Optional)

- Stick pads to the bottom of each leg to protect your flooring.

KINGSMAN HAIRPIN METAL TABLE LEG

⚠️ Safety & Care:

- Only install on flat, solid tabletops.
- Do not overtighten screws to avoid stripping.
- Clean legs with soft cloth; avoid harsh chemicals.
