Here's our most popular layouts — which one is right for you? Or for something a bit different ask our Hugo&Borg design expert.

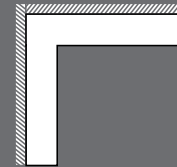

## STRAIGHT

For maximum use of every square inch in small spaces, a one-wall layout keeps everything close to hand.

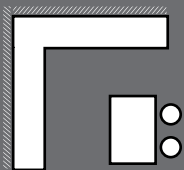

## STRAIGHT - ISLAND

A highly modern, sociable layout, great for open plan living, this gives you more food preparation space without compromising style.

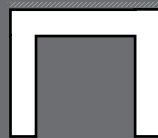

## L - SHAPE

A popular layout that makes light work of the 'working triangle' between sink, range and refrigerator. The open floor area allows plenty of room for multiple cooks.

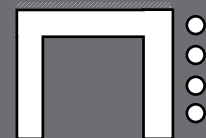

## L - SHAPE ISLAND

This winning layout is both practical and sociable. There's plenty of work surface area and you can entertain while you cook!

## U - SHAPE

The mighty U-shape gives wall-to-wall cabinetry for maximum storage space and work area. A more closed-in layout, check your window position will let in plenty of light.

## U - SHAPE PENINSULA

The best of both worlds and ideal for open plan living; enjoy plenty of storage space and work area in a more sociable layout.

# SUPERIOR CONSTRUCTION

We make our cabinets to an unusually high standard at a price everyone can afford. You'll be pleasantly surprised at how well-engineered everything is — we make our cabinets and doors to last.

## THE DIFFERENCE IS IN THE DETAILS

5/8 inch side gables and a solid 5/8 inch back panel provide superior strength and durability.

3/4 inch shelves allow a heavier storage capacity.

Melamine interior and exterior cabinet boxes are water and stain resistant.

Soft-close, extra-wide drawers with undermount hardware for easy access and extra storage.

A frameless construction eliminates the typical bulky face frame around a cabinet box, providing a more modern, streamlined look and 20% additional storage space.

All hinges are soft-close, preventing doors from slamming shut.

## Convenient Corners

Our corner cabinet includes a 2-tier lazy Susan for easy reaching and added functionality.
