

VanZyverden's
LILY ASIATIC MIXED

Lilies are one of the truly great garden plants and loved by gardeners everywhere. Their beauty, diversity, extended season of bloom, graceful stature and overall reliable disposition reflect the fruits of hundreds of years of selective breeding. In Chinese, the word 'lily' means 'forever in love'. The Liliaceae family is so large, varied and complex that it is challenging to describe them in short. Lilies are deer and critter resistant. Plant lilies just about anywhere - in borders, beds, cutting gardens, perennial gardens, pots and containers.

Plant in fall for superior results

Lavish, exotic color

Best buy lily mixture

About This Variety: A best-buy lily mixture! This is a true lily mix, so no two packs are exactly the same. Purchase several packs to plant en mass in sweeps. Collect as many varieties as possible. This mixture is a bit like a box of chocolates - you never know what you are going to get!

Growing Instructions: Plant in well-drained soil where they will receive 6-8 hours of sun a day. Lilies are winter hardy and considered a strong perennial that can be left in the ground. Will re-bloom year after year if the conditions are right. Lilies perform best when mulched.

Care Tip: Lilies prefer cool soil. When cutting the flowers for bouquets, remove no more than 1/3 of the stem so sufficient leaves remain to renew the bulb for the coming year.

Exposure: Full sun to partial shade

Height: Grows 26-38" tall

Spacing: Plant 6-8" apart, 6-8" deep

USDA Zones: Hardy in USDA zones 3-8

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
